FRANCE AND BRITAIN UNABLE TO AGREE

STILL TALKING OF RUSSIAN PROBLEM WITHOUT SUCCESS

Will Attempt to Reach a Compromise at a Conference This Morning in Which Japan, France, Great Britain and Italy Will Meet — Russians are Still in Stubborn Mood

(By The Associated Press)

GENOA, May 13.—Premier Lloyd George and M. Barthou were in private conference for two hours this afternoon apparently without reaching an agreement for solving the Anglo-French deadlock on the plans to continue the discussion of the Russian problem. The sub-commission on Russian affairs also met and argued for more than three hours without definite results.

After the meeting of the sub-commission Sir Edward Grigg, secretary to the premier, said there had been progress but gave no definite explanation of its nature. The French and British delegations, he asserted, were well on the road to an agreement.

SPRINGFIELD MAN HELD IN JAIL ON SERIOUS CHARGE

Attempted to Kill Wife for Refusing to Give Up Daughter

(By The Associated Press)

SPRINGFIELD, Ill., May 13.—Insisting that her husband, Carlos Viviano, shot her when she refused to surrender their 18 months old daughter to him, Mrs. Rachael Viviano, lies in a critical condition in a local hospital. Viviano, arrested at Virden, Ill., 25 miles from here late tonight, is a prisoner in the city jail, charged with assault with intent to murder. He denies the shooting, saying: "I didn't shoot her. She shot herself."

Viviano returned from St. Louis this afternoon, according to police, where he had fled to escape trial on a charge of beating his wife, and went directly to her residence, 1027 South Eighteenth street.

Neighbors saw him run from the house after the shot was fired and heard Mrs. Viviano scream "I'm shot, I'm shot."

The bullet penetrated the left groin. It was removed later. Physicians held little hope for the woman's recovery.

WILL ESTABLISH COOPERATIVE BANKS

(By The Associated Press)

CHICAGO, May 13.—The Amalgamated Clothing Workers of America, will establish cooperative banks in other centers similar to the one about to be opened in Chicago. It was decided today at the final session of their biennial convention.

The Chicago bank will have a capital stock of \$200,000 and a surplus of \$100,000, it was announced.

General President Sidney Hillman, general secretary-treasurer Joseph Schlossberg and all members of the general executive board, were renominated.

LONG LEGGED STORK HOLDS UP TRAIN

SPRINGFIELD, Ill., May 13.—A long legged stork, carrying a little mite of humanity last night held up the Springfield bound C. & St. L. train at Cantrill, Ill., while it delivered a baby daughter to Mrs. Lyman Owen, of Petersburg, Ill. Mr. Owen and Dr. W. A. Young, of Springfield were in the receiving line. Mrs. Owen and daughter were brought here and taken to a hospital. They were reported doing nicely. The train arrived forty minutes late.

ACCEPTS RESIGNATION OF NON-PARTISAN EXECUTIVE

Minneapolis, Minn., May 13.—Announcement was made today that the national Non-Partisan League executive committee has accepted the resignation of A. C. Townley as president of the league which he founded. Mr. Townley offered his resignation at the recent state conventions in North Dakota and Minnesota.

STEPS ARE BEING TAKEN FOR SPEEDY TRIALS OF SUSPECTS

Attorneys for Both Prosecution and Defense Make Moves

(By The Associated Press)

CHICAGO, May 13.—While the police were attempting today thru reported confessions of three men to determine the actual slayers of two policemen shot to death during Tuesday night's labor bombings, steps were taken by both the prosecution and defense to bring about the speedy trial of men indicted in connection with the slayings. Those included, Big Tim Murphy, Fred Mader, "Con" Shea and five other persons.

Meanwhile the police had rounded up more than a dozen suspects and added them to about a hundred now in custody. The latest arrests, it was reported resulted from statements made by Harry "Smash" Hanson, who yesterday refused to accept his freedom on a habes corpus writ it being intimated he feared violence if given his liberty.

Isador Braverman, and Robert M. McCloud, both under indictment are the others who are reported to have furnished the police with valuable information. While the police were reticent about the latest arrest, it was reported that recent developments involve Murphy, Mader and Shea in the actual labor war.

Police today and night were taken from the east police station where they were made to help.

To Question

France is still unwilling to have Russians sit with the mixed commission. The Russian experts have been made that a special commission of Russian experts be formed which may be called in by the mixed commission when it desires information.

Will Not Accept Plan

Again the Russians declare that they will not accept any such plan as that would not be dealing with them on an equality basis and it is difficult for the delegations to find any plan appealing to both the French and British and not offensive to the Russians. The afternoon meeting of the sub-commission was chiefly an expression of the views of the powers which had not entered into the discussion at the morning session. Viscount Ishill supported the British position that the Russians should participate in the mixed commission. He regarded the task of the Genoa conference as too important to be lightly abandoned.

M. Motta, ex-president of Switzerland, preferred that the mixed commission should be named by the conference but it might be possible to have the governments participating in the conference name the commission in outline of the regular sessions. He favored having the Russians participate.

MOBERLY BANKER UNABLE TO GET BOND

(By The Associated Press)

John Moore of Sinclair traveled to the city yesterday.

Dan McCarthy was over to the city from Beardstown yesterday.

Mrs. Henry Reese was a city shopper from Woodson yesterday.

Miss Theresa McCarthy of Beardstown journeyed to Jackson to furnish bonds.

\$82,500 imposed after filing of 108 additional charges of forgery against him today in connection with the closing of the Farmers and Merchants Bank, Verne Bundridge, cashier and vice-president of the institution today was again taken into custody and was incarcerated in the county jail at Huntsville.

J. W. Bundridge, president of the bank had not been located to night.

The arrest of Verne Bundridge was on multiplications of the of the same joint charge he faced on Thursday following further investigation of the bank's finances by examiners who discovered approximately 750 forged instruments on the books.

Verne Bundridge was under bond of \$7,500 until today when the additional charges increased the bond. His father replaced three of Verne's friends on the first bond yesterday. As the amount of spurious notes increased today concern of the depositors superseded what sympathy might have otherwise been extended to Verne Bundridge. He was unable to raise the increased bond.

CARTER WILL NOT BE CANDIDATE

(By The Associated Press)

HOUSTON, Texas, May 13.—William S. Carter, of Cleveland, president of the Brotherhood of Locomotive Firemen and Enginemen, announced today before delegates to the twenty-ninth triennial convention of the organization that he would not be a candidate for re-election as president for 14 years, it was learned to night from an official source.

ARMY AVIATORS SET NEW FLIGHT RECORD

San Antonio, Texas, May 13.—Arriving at 7:04 o'clock tonight from San Diego, Lieutenants James H. Doolittle and L. S. Andrews of Kelly Field completed with accident a round trip flight from San Antonio to San Francisco begun here the morning of May 4, and established the new record of 11 hours and 40 minutes flying time between San Diego and San Antonio. Exact mileage in the flights has not been computed but the shortest rail distance between San Antonio and San Francisco is 8,443 miles and the rail distance between San Francisco and San Diego 602 miles.

PROTEST AGAINST LEASE OF OIL LANDS

WASHINGTON, May 12.—A petition to the senate protesting against government leasing of naval oil reserves received from the National Association of Oil Producers was read in the senate today by senator LaFollette whose resolution for an investigation of the leases recently was adopted.

The petition declared that the delivery of the naval reserves to the Standard Oil-Sinclair-Doheny interests constitutes a return to the area of land grabbing and carpet bagging whose head-hunted in Decatur. The two concerns are said to be the largest manufacturing companies west of Pittsburgh.

SPANISH-AMERICAN WAR HERO MAY BE HONORED BY U. S.

Distinguished Himself in Cuba During the War With Spain

(By The Associated Press)

WASHINGTON, May 13.—Major Andrew S. Rowan, U. S. A., now living in retirement in Berkeley, California, may receive official recognition for his famous exploit of 22 years ago when he penetrated the lines of the Spanish army in Cuba and delivered the Cuban forces in the interior, an important message from President McKinley. Some of Major Rowan's friends, including Senator Shortridge of California, believe that the officer who performed the exploit with which every school boy is now familiar is entitled to some tangible recognition for his services. At their instance the board of awards of the army is considering the case and will report within a few days.

It is pointed out as Major Rowan's performance did not involve "actual conflict with the enemy beyond the call of duty," and it was not extraordinary heroism in action, he cannot be awarded the congressional medal of honor or the distinguished service cross. He may be given the distinguished service medal for gallant and meritorious services in a position of responsibility.

SPEAKER PREDICTS DARK FUTURE FOR THE UNITED STATES

Says it is in Same Condition as Greece at Time of Decay

(By The Associated Press)

WILLIAMSBURG, Va., May 13.—Comparing the United States to day to the classical Greece at the time of its decay and declaring that if George Washington were alive he would not receive as much attention as Jack Dempsey, James M. Beck, solicitor-general urged an awakening of the educated class as the only means of preventing the destruction of the constitution in a lecture today on representative government at the College of William and Mary.

The people in a craze for novelty have lost interest in eternal virtues the solicitor-general added, grossly undervaluing the things worth while and over valuing non-essentials.

Naturally, under such conditions, he said, there was an undervaluation of the constitution. A nation that "cackles like a hen when she lays an egg" because it can talk 3,000 miles over a telephone wire, he added, but is wholly indifferent whether it has anything worth saying when it talks, is not likely to adhere to and values of its political life.

FARMERS, he said, will return to the plow and caprice, he said, and spring itself to every will save. The constitution, he said, is the supreme court can-Edwards, Beck said, because a visitor tacked in spirit rather than in opinion, he added, "All American is the example of a RICH."

Williamsburg, Va., by making the study of the constitution a part of their curriculum.

MAY PASS BABY'S BIRTHDAY IN JAIL

(By The Associated Press)

CARLISLE, Ill., May 13.—Mrs. Mary Saeed of Wilcoxville, will pass her baby's first birthday anniversary in Macoupin county jail, unless released Monday pending trial for the self confessed killing of her husband, whom she followed early last Wednesday morning to the home of a neighbor woman. Four hundred residents of the little town of Wilcoxville practically the entire population, have signed a petition asking that she be freed.

GERMAN AMBASSADOR ARRIVES IN NEW YORK

NEW YORK, May 13.—Dr. Otto L. Wiedemann, newly appointed German ambassador, arrived today. He said he had no particular message for Americans at this time except to tell them he came with the distinct idea of increasing friendly feeling between German and America and "covering up the last traces of the buried hatchet."

WILL PLACE STEEL TRAINS IN SERVICE

CHICAGO, May 13.—Eight all steel trains of 10 cars each and costing a total of \$1,200,000 will be placed in service between Chicago and Seattle tomorrow by the Burlington-Great Northern Railroads, P. S. Eustis, passenger traffic manager of the Burlington road announced today. The trains will meet demands for increased oriental travel and summer tourist business.

CHANG TSO-LIN GETS HIS BREATH STARTS SOMETHING

Reported Has Declared Independence of Manchuria

(By The Associated Press)

PEKING, May 13.—Officials of the Peking government today announced that if General Tso-Lin should attempt to establish the independence of Manchuria as has been reported he would be suppressed by force. The announcement was made in connection with a widespread report that the defeated Manchurian leader had proclaimed the independence of Manchuria and Mongolia.

Government officials said this afternoon they had not received official confirmation of this report altho the British administration of the Kaiping mines had received a telegram purported to be signed by General Chang asserting that he alone was responsible for affairs in Manchuria and Mongolia but that he would respect existing treaties and concessions.

The telegram supposed sent by General Chang has reference to the British interests in the vicinity of Launchow and Kaiping, where the troops of the Manchurian General and General Wu Pei Fu who defeated the Manchurian near Peking last week are threatening renewed hostilities. The message dated Friday said independence had not been declared. It added that assemblies of three Manchurian provinces and other organizations had sent a protest to President Chang against the government's order deposing General Chang.

General Chang is reported to be seeking a fresh army and is said to be sending reinforcements to Launchow.

LITTLE PROGRESS BY COMMITTEE ON PEACE FOR IRELAND

Free State Paper Describes The Situation as Grave

(By The Associated Press)

DUBLIN, May 13.—The Irish peace committee met again today but not much was accomplished and further sittings will be held. Some optimism was noticeable but no ground for it was apparent. The real point of division is the agreed elections. It was urged on the treaty side that it should imply a certain acceptance of the treaty as a fact which altered the whole situation.

The proposals signed by Michael Collins and Richard Mulcahy were supposed to indicate the possibility of accommodations as to the nature of the elections, but today the official organ of the party favoring the treaty discounts this supposition.

According to Harry J. Boland of the Republican side, the negotiations for peace would never have begun if this attitude had been made clear. The free state paper puts the position directly saying:

"We shall either have peace under which the will of the majority shall prevail for all or war made certain by the solemn calling of a truce."

The paper describes the gravity of the situation as strongly as the unionists have in the house of commons. The government everywhere has been flouted and interfered with, it says and "is unable to keep peace and order."

The result has been a state bordering on anarchy.

"There are rumors afloat that one result of the conference may be a coalition and agreed elections. If the latter phase means agreement to have an election, well and good, but if it means that the two parties patch up their differences in appearance only and go on governing country with no settlement of the treaty question then it does not need any particular intelligence to tell both parties that it won't do."

COURT ORDERS WAS TO KISS WIFE'S FOOT

CHICAGO, May 13.—After an attorney had asserted that Constantine Yodas, charged with beating his wife, "was not fit to kiss his wife's foot," Judge Haas in the police court today disagreed.

"I think he is fit to kiss his wife's foot," the judge said. "and I so order."

Yodas looked wildly about, slowly got to his knees and smacked his wife's foot twice.

"Now you're on probation," the judge told him.

ORDER PROBE OF GASOLINE PRICES

WASHINGTON, May 13.—Investigation of the recent nationwide increase in the price of gasoline was ordered today by the senate.

SENATOR UNDERWOOD SAYS REPUBLICANS PENALIZING PEOPLE

Makes Attack on the Proposed Tariff on Ink — Senator Smoot Defends the Section — Taxing Everything That Goes in Books and Newspapers Senator Underwood Says

(By The Associated Press)

WASHINGTON, May 13.—Republican proponents of the pending tariff bill were charged today in the senate by Senator Underwood, Democratic leader, with penalizing the American people in their efforts to secure knowledge, education and the advantages that grow of educational development. He was discussing a five per cent increase in the present duty of 15 per cent ad valorem or ink, which the senate approved.

Senator Smoot, ranking Republican on the finance committee, defended the increase saying it was necessary because provision was made in the bill for increasing the protection on the ingredients of ink. He gave it as his opinion that the increase would not be borne by the ultimate consumer, but probably would be taken care of by local competition. This view was disputed by Senator Underwood.

"In this bill," he said, the majority are raising the taxes on paper of all kinds, they are raising the tax on printers' ink; they are raising the tax on everything that goes to make a book or a newspaper."

Aside from the ink schedule the only sharp fight today was against the committee rate of sixty per cent ad valorem on finished products of celluloid. Senator King, Democrat, attacking this provision which was approved by the senate, declared that these items entered into practically every home; that the imports were very small and that the increased duty was for the benefit of the E. I. DuPont de Nemours company and these other great corporations which made millions of profits during the war.

A detailed explanation of the duty was given by Senator McCumber in charge of the bill who read selling prices of the domestic and foreign products in support of his contention that the sixty per cent rate would not protect American producers against Japanese and French manufacturers.

Other committee rates approved included:

Bella donna, digitalis henbane and stramonium 3 cents a pound.

Formaldehyde solution 2 cents per pound; solid 8 cents a pound.

Borate, resinate, sulphate and other manganese compounds and salts not specially provided for 25 percent ad valorem.

Menthol, 50 cents a pound; camphor crude natural, one cent a pound, refined or synthetic, 6 cents a pound.

Licorice, 2 cents a pound.

TWO DEAD WHEN AUTOMOBILE AND TRAIN COLLIDE

Twenty Two in Hospitals and Scores Injured in Wreck

(By The Associated Press)

BATAVIA, N. Y., May 13.—Three dead, 22 in hospitals in this city and a score or more with minor injuries were the casualties in the wreck of the Black Diamond Express on the Lehigh Valley railroad at North Lefroy today. Two women, unconscious tonight were among the more seriously injured.

The dead:

T. R. Brodie, of LeRoy.

L. E. Clay, traveling salesman, Portland, Me.

E. E. Corser, yardman, Lehigh Valley, Niagara Falls.

The wreck according to Engineer Moser of the Black Diamond was caused by the attempt of Brodie to get his automobile across the tracks at the Lake street crossing ahead of the train. The engine struck the automobile squarely, tossed it ahead and ran into the debris, which lifted the front trucks of the engine from the rails.

The train was moving at 65 miles an hour, Engineer Moser said, and as its speed was checked by the derailed engine it buckled and crashed down a 40 foot embankment.

They were the smoker, a day coach and three Pullmans.

ADVOCATES STUDY OF FRENCH LANGUAGE

(By The Associated Press)

CHICAGO, May 13.—The French language will play a part in the development of American movies and in the solution of America's race problem, Harry Kurtz, a professor at Knox College, today told the seventh annual meeting of the association of modern language teachers.

"There are some millions of colored persons under the jurisdiction of the French government yet France has no race problem," he said.

Professor Kurtz declared that a knowledge of French is not a "parlor accomplishment," but a definite political and commercial asset.

Professor D. H. Carnahan University of Illinois was elected president; Professors C. E. Young University of Iowa, and S. W. Cutting, University of Chicago were made members of the national executive committee.

MEANEST MAN ON EARTH IS NOW IN UNITED STATES

Lets Mother Ride in Steerage While He Comes First Class

(By The Associated Press)

WASHINGTON, May 13.—The meanest man in the opinion of immigration authorities is a Spanish alien, domiciled in America, who returned from a visit to the old country recently traveling as a first class passenger on a sumptuous line in the steerage of which he had established his old mother, classifying her as a "domestic servant."

Secretary Davis, altho concealing the man's name, signed an order today, in honor of Mother's Day, declaring that altho the "facts around one who has learned to honor and revere motherhood," the mother would be admitted for six months.

The son was required to give a \$500 bond to be held by the immigration authorities to guarantee that his mother "will receive at your house the treatment to which a mother is entitled."

In addition the son will be required to report monthly to Mr. Davis to assure him that the aged woman gets consideration.

Some of the farm papers are urging gifts of seed corn for other farmers in the river areas who suffered flood damage. That is certainly a practical suggestion, as the receipt of seed corn in many cases will be more helpful than money.

A new bonus bill has been introduced by a southern senator. Will somebody tell us just how many bonus bills have now been presented for the consideration of congress? There is a new one or one that has been revamped every few days.

Some of the Chicago papers have outlined as the program to be consistently advocated "Build a subway now; abolish Pittsburgh plus and stop reckless driving." Downstate people think that all the laudable projects might well be sidetracked while the Chicagoans focus their attention on a program of "Stamp out lawlessness."

A news item tells of a radio concert given with an equipment carried on an aeroplane. There were no big head lines telling of the happening and the reading public was not astounded. People count as every day occurrences things that happen now which even twenty years ago would have been looked upon as properly to be listed among the wonders of the world.

In various localities in this county and in other counties as well there is much talk about the high cost of school maintenance. In some localities the per acreage tax for maintaining schools has become a decided burden. But it is just as well to remember that most citizens today want better school facilities for their children than they had themselves, and are willing to pay for these privileges, even if paying means personal sacrifice.

While the facilities are modern and the taxes heavy in some communities, there are others where the school properties are just

about the same now as was true twenty-five years ago and taxes do not show great increase.

Let us repeat that Our Saviour's hospital should receive generous support from the people of Jacksonville and surrounding territory in the request for funds that is now made. This is the first general appeal that has been made in behalf of Our Saviour's hospital. The devoted Sisters who manage this hospital have undertaken a great task in the erection of the splendid addition. They are working not for themselves but for humanity and the plea for assistance should be liberally answered.

THE INFLUENCE OF PREJUDICE
Various groups of citizens in Indiana are claiming that it was their influence that defeated Senator New in the Indiana primaries and that they opposed him because of his failure to support certain measures that they advocated down in Washington.

That is the rule which applies to choice in most election events. The individual votes for a candidate as the candidate may happen to favor or oppose the particular things in which the voter is interested. With a great majority of people the general character of a public official's work counts for little.

This is not a defense of Senator New, for he was defeated by a capable, honest and experienced public man, but only to call to mind how often the voter is choosing candidates is influenced through some matter of personal prejudice or belief, rather than by the consideration of all the facts.

HOW THE MONEY IS DIVIDED
This is the way the Prairie Farmer explains the cost of food stuffs on the basis of a statement made by Secretary Wallace:

"The share of the consumer's dollar that gets to the farmer seems to be growing smaller all the time. Some of the reasons for this are given in the following extracts from a recent speech by Secretary Wallace:

The retail costs of distribution of food stuffs have grown steadily. The margin taken by the retailer is greater now probably than at any time in the past. Some increase in proper cost of distribution is to be expected, and is due to the congestion in distributing centers. Much of the increase in retail cost of distribution, however, is chargeable to the consumers themselves, and the blame must be placed mostly upon the women who do the buying. . . . We find further that increases in cost of distributing meat in 1921, as compared with

1913, are 83 per cent greater. Increased wages account for the largest increase in meat distributing cost. Taking a miscellaneous assortment of meats in about the proportions used by the average family, we find that in 1913 754.2 pounds of this assortment could be bought for 100. The operating expense of the retailer in that year was \$24.40 for handling \$100 worth of meat. In 1921 the same amount of meat cost, at wholesale, \$126.77. The operating cost of the retailer in distributing it was \$44.75. Wages of meat cutters in 1921 were almost double wages in 1912. The weekly wage in 1913 was \$14.82; in 1921 it was \$27.97, an advance of 88 per cent. The conclusion of the whole matter is that if we accept our present system of distribution of meats and other food products as being a satisfactory system, then any marked reduction in cost must come first through reduction in wages, because wages are altogether the largest item in marketing and distributing costs whether we consider transportation, wholesaling or retailing.

If we are to keep on providing city folks with enough to eat, they will have to get their wages down on a level with ours."

CITIZENS INVITED TO DISCUSS STREET OILING
A great many requests have been received by Mayor Crabtree and members of the city council for oiling of the unpaved streets. Not all the residents seem to understand that it is not possible under the court rulings to levy a special tax for oiling this year. In consequence any fund used for this work must be diverted from the general or road district funds.

The total to be received from the road district tax is less than half of that last year and so not a great amount can be available from this source for oiling purposes. Various plans have been suggested for oiling the streets, one that property owners and the city share the expense. The various proposals are to be discussed at the council Monday night, and citizens who are interested are urged to attend.

COMPANY MOVES TO NEW QUARTERS
On Monday the Compression Inner Tube Sales company will move into new quarters at 228 South State street into rooms in the Cordes building now occupied by the Studebaker agency. W. A. Berryman, manager of the company in Jacksonville and territory, stated yesterday that the firm will carry a complete line of Goodyear Tires and Compression Tubes. The new headquarters are very desirable and will enable the concern to carry on a more extensive business.

The Studebaker sales rooms will be moved to the building owned by O. B. Cannon, a block south of the present location. This building has been recently remodeled and will make a very attractive salesroom. E. W. Brown Jr., is the Studebaker agent.

PRODUCE MARKET REVIEW
Every day is "Swat the Rooster" day on the farm now, causing a free marketing of old roosters. This will probably continue for a period of from two to four weeks. The marketing of old hens also is increasing due to the fact that in most sections, the flush egg production is over.

There is a good demand for all dressed poultry, which should keep the market on a firm basis for some time.

Production of butterfat is now increasing rapidly, and as a result there has been a freer movement of creamery butter to the large markets, causing prices to react to a lower basis. The production should show a further increase weekly for some time, and this should have a tendency to cause somewhat lower price levels.

The warm weather in egg producing sections in the past few days has caused a better demand for more eggs from northern sections and less inquiry for the eggs from the southern states. It is estimated the reserve stocks in storage at present time are somewhat heavier than a year ago, and with the general quality now showing the effects of warmer weather, the tendency of the market may be lower.

It is important that producers gather eggs daily, keep them in a cool place, and market them fresh.

Days will cause the to be placed. Mel. Man head.

FOOT CONTEST IN FULL SWING
"Who Has the Perfect Foot" Is Question of Hour
Mother and daughter, father and son are, in many cases, competing against each other in the Perfect-Foot Contest being conducted by the Hopper's Shoe Store. Pedographs of the feet are as common as snap-shot photos. It is even whispered that pedographs of their sweethearts' feet are now carried next to several (young) manly hearts. Anyhow, everyone seems interested in the outcome of the contest, and few seem at all backward about "putting their best foot forward" and into the competition.

The number already entered in the contest is really quite astonishing and goes to show the real interest the public has in its feet. As the contest nears its close, which will occur next Saturday, May 20, the rush is expected to increase and the Hopper's Shoe Store is making preparations to meet this to the best of its ability. Their practicedist being kept on the jump taking pedographs of entrants and explaining the meaning of the indications to interested contestants.

Great interest attaches to the prizes of free shoes for the best feet entered in the contest.

Grit!

Sand, fighting blood—and a great love! That's the tune of this picture! A story that smashes through to the biggest tingling he-man triumph since you saw Wallace Reid in "The Valley of the Giants."

A romance of gold and guile in the primitive West. Of towering mountain, rushing river, endless plain and among them—titans battling for mastery!

Mother Nature in all her beauty. Human nature at its best and worst. And beating through all—a heart!

A Tense Drama That Grips and Thrills You by its Force and Power

Noami Childers in "COURAGE"

A rare screen entertainment is offered in this super-production with the charming and beautiful Naomi Childers in the leading role. It is an adaptation of Andrew Soutar's famous and intensely novel of the same title.

A gripping drama, of lofty purpose, it is not only an extraordinary piece of entertainment, but it is a tonic for all humanity as well. It has a depth of emotional quality that makes it decidedly well worth while, and is the kind of picture to make people think and to remember it long after it has been shown.

JACKSONVILLE IS WINNER IN MUSIC

Local Contestants Capture Two Firsts and One Second—Large Audience Hears Program.
The finals in the department of music, held in connection with the Seventh Interscholastic Contest, were held in recital hall at the Illinois College Conservatory of Music last evening, beginning at eight o'clock. The local high school contestants again displayed evidences of artistic instruction, winning two firsts and a second out of the three contests. In each case the winner was a student of the Conservatory, which speaks well for the local institution. The results of the contests were as follows:

Voice
First—Lois Harney, Jacksonville; selection, "When Celia Sings," by Mair.
Second—Rayonne Hawk, Virginia; selection, "Three for Jack," by Squire.
Third—Martha Coleman, Palmyra; selection, "Smile Through Your Tears," by Hamblin.

Piano
First—Catherine Wilson, Jacksonville; selections, "Prelude," by Bach, "Melodie," by Schuett, and "Dance Nocturne," by Cyril Scott.
Second—Eunice Northrup, Griggsville; selections, "May

Night," by Palmgren and "Valse, Op. 34," by Moszkowski.
Third—Alice Rengstorff, Havana; selection, "Etude de Concert," by McDowell.

Violin
First—David Lashmet, Manchester; selection, "Hungarian Dance No. 1," by Drla.
Second—George Oberstade, Jacksonville; selections, "Indian Lament," by Dvorak-Kreisler, and "Perpetual Motion," by Seybold.
Third—Ernest Kottmeier, Granite City; selection, "Adoration," by Borowski.

AUTO ACCIDENT SOUTH OF CITY LAST NIGHT
Four young men who gave their residence as White Hall narrowly escaped injury late last night when the car in which they were riding went into the ditch near the home of Robert Harney, three miles south of the city. One of the occupants was very slightly injured and the others escaped entirely. It was thought that the steering gear broke or that something happened to the right wheel or axle. It is fortunate that the happening had no serious consequences.

TOM MIX in "Sky High"

A thrilling story filmed in the Grand Canon of Arizona, one of the wonder spots of the world. Its grandeur and beauty have been transferred to the screen with nothing of its inspiring or terrifying scenic effects lost

The Story.
"Sky High" shows Mix as an immigration officer near the Mexican border, whose business takes him to the Grand Canyon of Arizona to break up a gang of smugglers who are sneaking Chinese into California. Many feats of daring, including a thrilling ride through the Canyon in an airplane and culminating in a drop from the plane into the Colorado River are shown.

About the Canyon
It was discovered in 1540 by G. L. Cardenas, famous Spanish explorer. It is one of the wonder places of the world. It is 233 miles long and from 2,000 to 6,000 feet deep. The rush of air down the canyon sometimes reaches 200 miles an hour. The river falls 2,330 feet an has a current velocity of 20 miles an hour. Its treacherous air pockets make practically navigation of the canyon by plane.

The first and only aerial motion pictures ever taken of an airplane flight through it were made by William Fox cameramen.

About Tom Mix
He leaps eleven feet across a chasm 2,000 feet deep. He drops from a speeding airplane into the Colorado River. He races his horse up the canyon's steep trails and around its giddy rim. He slides 125 feet down a cliff on a rope.

FINANCE COMPANY IS ORGANIZED HERE

Men Identified With Cloverleaf Company Launch Big Investment Corporation.

In Springfield Saturday, Secretary of State L. L. Emmerson issued articles of incorporation to the Commercial Investment Company of this city. The incorporators are R. Y. Rowe, E. L. Kinney, and F. H. Rowe. The capitalization of the company is \$500,000 divided into 2500 shares. Others who joined in the organization of the company are C. Y. Rowe, W.

Bradish, C. O. Goodale and H. Samuell. All of the men named are associated with the Cloverleaf Life and Casualty Company and for the present the offices of the Investment Company will be maintained at the Cloverleaf Life building on East State street.

The corporation has been organized for the general financing of notes and bonds and it is the expectation of the incorporators that with passing years the business can be developed in a large way. The following paragraphs from the corporation laws of the state make clear the purpose and functions of the company:

"For the purpose of acting as agents for others in the purchase, sale, renting and management of real estate and leasehold interest, in the operation of an insurance agency business, in the negotiation of loans on real estate and leasehold interests and for the purpose of lending money on bonds or notes secured by mortgages or trust deeds on real estate or leaseholds or on mortgage bonds or industrial or railroad companies or of any public service corporations for any state, municipal or quasi municipal bonds or for the purpose of buying, selling, pledging, mortgaging or otherwise dealing in any of the said securities, and for the purpose of acting as trustees in connection with any of the foregoing securities."

The Commercial Investment company will have its headquarters at the Clover Leaf offices for a while at least, as it will be noted that all of the incorporators are interested in the Clover Leaf concern.

FARM BUREAU NOTES

Purchased Angus Bull
George and Alfred Musch, north west of Concord, recently purchased a registered bull from a dependable breeder in Missouri. They plan to exhibit this animal in the coming Morgan County Fair. He will certainly be worth seeing. Distinctions Shown by the Soil Test.

The writer recently tested the soil of a farm of J. W. Leach. Mr. Leach is a veteran alfalfa-raiser of Morgan County. Fifteen or sixteen years ago he applied limestone in amounts from two to four tons per acre on three different fields. In spite of the lapse of time, since application, the new soil test clearly indicated the different treatments the fields had received. This liquid test is proving decidedly more satisfactory than the litmus test.

Two Farm-Well Equipped For Poultry.

D. T. Helmich accompanied the writer Friday on some farm visits in the northwestern part of the county. Mr. Helmich commented very favorably on the fine poultry plans on the farm of Geo. Deterding and Jay Newton. At each place is a modern, well equipped poultry house. The flocks are in keeping with the buildings. Barred Rocks and Rhode Island Reds are raised on the two farms.

Varieties of Soybeans Planted in Morgan County this Season

The largest acreage will be of the Ebony and Mongol. There has been such a fine supply of home grown seed of these varieties that farmers have planted them freely. Harry Kline and Harold Robinson will try the Ohio, E. R. Hembrough the Sable, and Albert Bartelheim the Hurlbrink. Soybeans can be planted for hay as late as the middle of June.

ANNUAL SPRING FESTIVAL

CONCERT OF I. C. MAY 31.

The Annual Spring Festival Concert given by the Illinois College Chorus, Conservatory Orchestra, and Illinois College Girls' Glee Club will be given on the evening of May 31, at the high school auditorium. According to the usual custom of turning over the proceeds of this concert to some charitable fund, this year they will go towards the outing at Rotary Cottage for girls and boys sent under the auspices of the Social Service League.

The musical program will be of the high order, anticipated by all who know the ability of Mr. Kritch as director of the orchestra and Mr. Naqst as leader of the College Chorus Glee Club. Don't forget to save the date May 31st. You cannot afford to miss this concert. It will not begin until 8:30 o'clock to avoid interfering with regular prayer meeting service.

ELEVATOR COMPANY CLOSING BUSINESS.

The final meeting of stockholders of the Joy Prairie Farmers Elevator Co. was held Saturday afternoon at the office of L. S. Doane in the Farrell Bank building. The company was dissolved and final dividend paid. The company was established in 1912, and purchased the elevator at Joy Prairie from W. C. Calhoun. The last year or two the business has not been profitable and the property was sold to Charles Lewis. L. O. Vaught was attorney for the elevator company in closing up its business.

CHILDREN CASE CONSIDERED

A hearing was begun yesterday before judge Samuell declaring the dependency of Charles and Margaret Hills, children who live in Lynnvile precinct. The hearing is to be continued next Friday. There seem to be reasons why the children should be given into the care of Miss Ann Fowler county probation officer.

FORMER MEMBERS OF CHEKA HOLD UP MEN.

MOSCOW.—The arrest and conviction of a number of highwaymen who recently alarmed Moscow by their hold-ups and murders have shown that many of the culprits were former members of the force of the Cheka.

The Cheka, or Bolsheviks' inquisition, was recently considerably reduced in personnel. Among its employees were a number of the criminal class.

SMITH CALLS FOR COMMITTEE MEETING

CHICAGO, May 13.—Frank L. Smith, chairman of the old Republican state central committee today issued a call for the members of the new committee elected on primary day to meet in Springfield Monday May 22, to organize.

NOTICE

Residents along the unpaved streets who are interested in having the streets oiled this season are invited to be present at the regular session of city council Monday night, May 15.

Miss Lillian Smith, accompanied by Miss Starkey of Shurtleff college, returned Saturday from a brief visit in Springfield and will spend a few days in Jacksonville.

LEAVES FOR ST. ELMO

EXCELLENT PROGRAM FOR CHAUTAUQUA

Program Almost Complete for Assembly Here August 11-20 Inclusive—Senator Pat Harrison of Mississippi a Recent Book-Ing.

The chautauqua management has announced that the program for the assembly here August 11 to 20 is now almost complete. The attentions this year are exceptionally good and there is every assurance that this year's assembly will be one of the most successful in local history.

Music this year will be an exceptionally strong feature, among those who will appear on the program in musical numbers being the following: Rainbow Division band, the Hadley Concert company, the Tschakowsky quartet, under the leadership of Leon Wellman, Russian violinist; Brown's Metropolitan Jubilee Singers, the Scholle orchestra and the Nettle family. The latter family numbers six, all musicians, and they are said to furnish some very fine vocal and instrumental and music and other popular stunts as well. The Hadley Concert Co. is under the leadership of Grant Hadley, the head of a large conservatory in Chicago.

The platform manager this year will be Charles A. Gage. He is not new to Jacksonville chautauqua audiences and his contribution to the chautauqua he manages is always a large one.

The speakers for the local assembly are listed below: Pat Harrison, the witty United States Senator from Mississippi, who is so ready in debate in the world's greatest forum.

Wm. J. Bryan who comes on Wednesday and we hope it won't rain. John G. Benson of the famous Travelers' church of New York City whose work and oratory has been discussed in the magazines so much.

S. J. Duncan-Clark, editorial writer for the Chicago Evening Post, famed for his work with boys and knowledge of international affairs.

Henry (Playball) Clark, humorist. M. H. Lichter, who surprised and delighted his hearers last year.

Ada Ward, a little English woman with a big message, a unique entertainer.

J. R. Perkins, an Iowa orator, who has had vast experience in social work.

W. L. Stidger, world traveler and human interest lecturer on everyday topics.

P. C. Somerville, who recently addressed the teachers and Rotary, in his lecture "Ring the Joy Bells of Life."

Mabel Quam Stevens, lecturer on Biblical themes, who held her audience spell-bound last year.

STANDARD BEARERS OF ALEXANDER MET

Girls' Society Members Met In Church Basement Saturday Afternoon—Other Alexander News

Alexander, May 13.—The Standard Bearers of the M. E. church held a regular meeting Saturday afternoon in the basement of the church. There was a large attendance, a number of visitors being among those present. Miss Minnie Wiley was the hostess of the afternoon, and gave a story from the book, "A Noble Army." A social hour and the serving of light refreshments brought the afternoon to a close.

The next meeting of the Standard Bearers will be at the home of Mrs. Evelyn Robinson on Thursday, June 15.

Mrs. C. M. Strawn was a Jacksonville visitor Saturday.

Miss Ruth Black of New Berlin is visiting friends in Alexander. The market given by the ladies of the Catholic church in the park Saturday afternoon was a success in every way. A tempting array of food articles was offered and the prices realized were uniformly satisfactory. As a result of the undertaking the ladies will have a neat sum to be donated to Our Savior's hospital.

Mrs. W. H. Hinrichsen, daughter, Miss Anne Hinrichsen and granddaughter Louise were Jacksonville visitors Saturday.

Mr. and Mrs. J. J. Proffitt and two sons were among the Jacksonville visitors Saturday.

PROTECT YOUR CLOTHES AND FURS FROM MOTHS—Do it the sure, convenient, inexpensive way

Keep your garments, wraps and bedding stored in a well-made, moth-killing

Genuine Red Cedar Chest

Millions of dollars worth of clothing, furs, blankets and textile goods are destroyed every year by the ravages of moth-worms.

The United States Department of Agriculture recently had a series of tests conducted to determine the

value of Red Cedar Chests as protection against damage by moths. The Department's Report shows how these chests "are effective in protecting fabrics from clothes-moth attacks"—because "cedar chests do kill young larvae" (moth-worms.)

This is Cedar Chest Week—May 15th to 20th

We have a complete stock of these Chests ready for your inspection in a variety of styles, designs and prices, and in finishes which will match period furniture.

Now, when you are getting ready to lay away your Winter things, is the time to get one of these Chests and make sure of safe storage for your clothing and furs.

Come in and ask us for a copy of this valuable booklet. It tells what the Department of Agriculture tests proved about the value of Cedar Chests and how to care for your garments to insure their safety.

Your copy is here, ready for you, with our compliments—no charge.

GREENFIELD HIGH SCHOOL WINS ILLINOIS MEET

GREEN COUNTY LADS WITH WITT IN FORM AGAIN COP HONORS

Was the Most Hotly Contested Meet in the History of Illinois Interscholastic—Two Records Fall as the Teams Battle—White Hall Was Second With Canton Third

Greenfield high school's track team with H. Witt running true to form again demonstrated that it is one of the best in this part of the state when it won the seventh Illinois Interscholastic meet Saturday afternoon after a bitter battle with White Hall and Canton.

These three teams battled all the way and first one and then the other took the lead by a narrow margin as the various events were finished. With all events finished but the relay, Greenfield was leading White Hall by a margin of one-quarter of a point. Prior to the announcement of the results in the high jump the teams were tied 22 all. Greenfield tied for fourth place with three other schools giving her one-fourth of a point.

During the raging of the battle two of the Illinois Interscholastic records went by the board. Witt, who set a new mark for the 440 dash a year ago of 53 seconds, clipped another second off the mark yesterday setting it at 52 flat. This will likely be a mark to shoot at for several years at least.

Goode of White Hall took the other mark in the discus. The White Hall boy heaved the missile 136 feet 6 inches. This bettered the mark of A. J. Pleasant Hill who made a throw of 114 feet 3 inches in 1916.

The entry list was one of the largest ever seen at the meet. It required eight heats in the preliminaries for the 100 yards dash and only the first man qualified.

The same is true in the 220 yard dash and 220 dash and 120 hurdles. Despite the large entry list, referee and Starter Jack McCord of Illinois University ran the meet off in record time, the relay which also was run in two sections being finished about 4:30 o'clock.

There was a pretty fight for individual honors. Canton about which little was known proved exceptionally strong and gave Greenfield and White Hall a hard battle. In Simon they had a versatile athlete and he gave Witt a spirited run for the honors. However, Witt for his great work in the dashes, in which he set a new record in the 440 and his running in the relay won him the cup.

Williams of Illinois was another sterling performer. He breathed the tape ahead of Witt in the century and their race in the 220 was the prettiest race of the day. Witt winning by inches at the tape. Heinz of Beardsdown ran a pretty race in the mile beating Kamm of Jacksonville by a splendid burst of speed in the stretch.

Coach Harmon and his assistants kept the best of order and there was little or no confusion in getting the athletes where they belonged. The College band furnished excellent music during the afternoon. Altogether the Seventh Illinois College Interscholastic will go down in history as one of the most successful so far held. The summaries:

100 Yard Dash, preliminaries, first only qualified—First heat, Longmeyer, Carrollton. Time 10 2-5. Second heat, Keopling, Pittsfield. Time 10 4-5. Third heat, Murphy, Chesterfield. Time 10 2-5. ILLINOIS WINS FROM WESLEYAN

Blue and White Take Dual Meet After Trailing in Early Part of Contest—Mellon Breaks Intercollegiate Record for Discus

Coming from behind Illinois College scored a decisive victory over Illinois Wesleyan in the dual meet held on Illinois field Saturday morning. It was an ideal day for the event, though perhaps a trifle cool with a fast track.

In the earlier stage of the meet Wesleyan was in the lead by 20 points. This was due to her winning in the dash events which were run early in the meet.

In the discus, Mellon, of Illinois, with a heave of 124 feet 6 1-2 inches passed the intercollegiate record. Cully won the broad jump with a leap of 21 feet 1-4 inch, he only took one jump and that was enough. Dale was second.

The relay race, the last on the card, proved a most exciting event. It was won by Illinois, her runners leading all the way. The summaries:

100 Yard Dash—Hansler, Wesleyan, first; Darley, Wesleyan, second. Time, 10 3-5. 120 High Hurdles—Farrell, Illinois, first; Hyle, Wesleyan, second. Time, 17.

220 Yard Dash—Hansler, Wesleyan, first; Billings, Illinois, second. Time, 24.

220 Yard Dash—Hustler, Wesleyan, first; Billings, Illinois, second. Time, 24.

140 Yard Dash—Rogers, Illinois, first; Weaver, Illinois, second. Time, 53 4-5.

220 Yard Dash—Leaf, Wesleyan, first; Frazier, Illinois, second. Time, 2 minutes, 5 seconds.

1 Mile Run—Craig, Wesleyan, first; Ford, Wesleyan, second. Time, 4:55 1-5.

Two Mile Run—Douglas, Illinois, first; Belle, Wesleyan, second. Time, 15:55 1-5.

High Jump—Hyle, Wesleyan, first; Dale and Hatfield, Illinois, tied for second. Height, 5-7.

Pole Vault—Hatfield, Illinois, and Best of Illinois, tied for first.

Shot Put—Hineman, Wesleyan, first; Hulse, Wesleyan, second. Distance, 39-8.

Discus—Mellon, Illinois, first; Roberts, Illinois, second. Distance, 124-6.

Running Broad Jump—Cully Illinois, first; Dale, Illinois, second. Distance, 21-1.

Stymie In Golf Play Is Restored

CHICAGO, May 13.—The much discussed stymie in golf play was restored today by the Western Golf association after several years of abolition, in order to have uniformity of golf rules throughout the world and to lay the basis for an international committee on rules and regulations of the game to replace the present plan of adhering to or rebelling from the tenets laid down by the Royal and Ancient Golf club of St. Andrews.

The revolutionary action of the W. G. A., five years ago in abolishing the stymie has caused considerable turmoil in golfdom. The stymie was ostracized largely at the instigation of C. W. Higgins who was then assistant secretary in charge of tournaments and rules and the action was taken at the behest of many players, who declared the play was unfair.

The tyrade against the stymie, one of the least used plays in the game, arising only when, in match play a player's ball lies directly in the line of his opponent's ball on the putting green, spread until the future induce the United States Golf association to modify the play and finally to make a rule that virtually annihilated it. The trans-Mississippi Golf association made still another rule creating a stymie only when the player stymied himself and that is the only conflicting rule now extant. The subject even stirred Great Britain, but brought no concession there.

There was threat of an open breach between the Western and the United States Golf associations over divergence in rules but last winter a conference smoothed

out the difficulties which at one time had caused the Western to announce reorganization as a national body with intention of trying to supplant the United States Golf association as the ruling body.

Under last winter's compromise the U. S. G. A., undertook to allow the making of local rules that would permit what the Western wanted as to lost ball, ball out of bounds and muddy ball and the latter association agreed to rescind all its outlaw rules, except the stymie abolition.

President Albert R. Gates of the W. G. A., stood firm on abolishment of the stymie because discussions and votes among golfers indicated it was not wanted by a majority. A long investigation showed that in all but amateur championship the stymie usually was disregarded by agreement and the officers of the W. G. A., decided to restore the stymie so that friction would no longer exist.

This gave and take by the two bodies now brings them to a point where they can work hand in hand for an international committee composed of leaders in golf from all countries to govern the rules of the game, make changes demanded by modern conditions and have the same the world around.

It is the understanding that the U. S. G. A., will further satisfy demands by making all clubs active instead of having most of them allied members without a vote, and that the Western Golf association will drop all aspirations to control the game in America.

Chicago's losing streak broken

Defeated New York in the First Game of the Series By Score of 3 to 0—The Game Was a Pitching Duel Between Cheever and Ryan With the Former Having the Better of the Argument.

Chicago, May 13.—Chicago broke its losing streak today by shutting out New York 3 to 0 in the first game of the series. The game was a pitching duel between Cheever and Ryan with the former having the better of the argument despite his wildness.

Shinner's miff of O'Farrell's fly a wild pitch and Cheever's single gave the Cubs the first run, and they scored the other two when Jonnard filled the bases by walking two and hitting another after which Friberg's single sent two runs home.

Cheever pitched a wonderful ball in the pinches and was given sensational support, punctuated by three fast double plays.

The score: New York: A. B. R. H. O. A. E. MORVICH WINS KENTUCKY DERBY

Favorite Takes Lead Early in Race and is Never Headed—Finishes With Apparent Ease Two Lengths in Front of Bet Mosie.

LOUISVILLE, Ky., May 13.—Morvich, unconquered as a two year old, is the winner of the \$50,000 Kentucky derby.

The brown son of Runnymede-Hymir, running true to form, won the event at a mile and a quarter in a field of 10 starters today before a record-breaking throng of 70,000 spectators the largest crowd that ever witnessed the running of the blue ribbon event for three years olds.

Morvich, running his first race as a three year old, triumphed over the best field that the nation had to send against him, and won for owner Benjamin Block, the New York sportsman, \$46,775 and \$7,000 worth of gold plate. Behind Morvich was Bet Mosie, E. R. Bradley's entry trailing the victor by twelve lengths. John Finn was third, just a neck behind Bet Mosie.

Six thousand dollars went to second place while John Finn and Deadlock, the third and fourth horses drew down \$3,000 and \$1,000 respectively.

Morvich paid the surprisingly good odds of \$4.50 to win in the mutuels, \$4.40 to place and \$3.20 for a \$2 ticket. The mutuel prices on Bet Mosie were 2.50 and \$2.70 and \$6.60 on John Finn.

Speeding into the lead soon after the start Morvich made every post a winning post and he apparently never was in danger. He accepted every challenge from the field trying to defeat him.

The colt was admirably ridden by Albert Johnson and carried 126 pounds.

My Play, a full brother to Man o' War, staggered into fifth place with Letterman pulling up in sixth position. Surf Rider was seventh and far back was Startle, the Great Juvenile filly of 1921, with Gosh right up. Busy American, another Bradley entry did not finish. The injured leg of the Bradley star failed to withstand the strain. The colt broke down pulling the first turn and was pulled up as the flying field sped on.

Morvich Takes Lead Jockey Robinson, riding My Play, shot into the lead as the barrier was sprung. Behind him thundered Morvich with the rest of the field fighting for the pace and watching the two leaders.

Fifty feet from the start Jockey Johnson urged Morvich into the lead and before he finished the first quarter it was evident that the colt would retain it. When the flyers went by the stand on the start of the punishing mile and a quarter race, Morvich led by a length, with Busy American in second place, My Play third and Startle trailing fourth. The field spread out in the back stretch with Morvich setting the pace, followed by three horses running abreast.

Morvich, running with marvelous pace, made the turn into the stretch without losing a foot and straightened away for the run to the wire. Bet Mosie began to show a burst of speed closing the gap between him and Morvich. Jockey Johnson, on Morvich knew he was in for a race and he laid his face down against the steaming neck, shouting words of encouragement to the horse but never applying the whip.

The colt apparently understood what was expected of him, increased his speed and crossed the wire two lengths ahead of Bet Mosie while the great crowd shrieked his name from the stands.

There was a roar and another derby had passed into history. Owner Block rushed down to the judges' stand to congratulate Jockey Johnson.

As Morvich crossed the line a winner, Mr. Block was still shouting to the colt, as he had done during the race. The owner's admirers carried him from his box and over the fence to the judges' stand where he was presented with a large loving cup.

LAWTON WITT NOSES GEORGE SISLER OUT OF FIRST POSITION

Yankee Outfielder Takes the Lead in Batting in the American League—Severid is Runnerup—George Topcorer of Cards Leads National League—Other League Hitters

CHICAGO, May 13.—Lawton Witt, the former Philadelphia outfielder, who is holding down one of the garden positions for the New York Yankees is at the top of the list of batters in the American League, according to figures released today which include games of last Wednesday. The averages are of players who have participated in 15 or more games.

The pitching in the past week has been to Witt's liking and he boosted his average from .395 to .410. Catcher Severid for the Browns, brought his mark of .319 to .404 for the runner up honors. George Sisler, another member of the Browns, who topped the hitters a week ago, slumped a little and is in third place with a mark of .402, with Steve O'Neill, star catcher of the Cleveland Indians, pressing him with .400.

Sisler, however, continues to be the best run getter with 27 tallies and is setting the pace for the base stealers with an even dozen thefts. His team mate, Kenneth Williams, is on Sisler's heels with ten thefts. Williams added to his home run mark yesterday, his total amounting to eleven again ahead of 1921 record of Babe Ruth, the king of the home run clouters scheduled for reinstatement next Saturday.

Other leading batters for fifteen or more games: Clark, Detroit .393; Jamieson, Cleveland .379; Ed Miller, Philadelphia .373; Gardner, Cleveland .361; Pratt, Boston .353; Williams St. Louis .348; Scott New York .348.

George Topcorer of the St. Louis Cardinals has struck a batting stride which promises to make the batters of the National League hustle to keep pace with him. He cracked out nine hits in his last five games, including last Wednesday's contest, and boosted his average from .360 to .439.

Rabbit Maranville of the Pirates lost one point, but with an average of .431 is the runnerup to Topcorer, while George Kelly, the slugger Giant first baseman, who topped the list a week ago, lost .49 points and is resting in third place with an average of .406.

Rogers Hornsby of the St. Louis star, has tied the slugging of Kelley for the honors in home run hitting, each having six.

Half a dozen players are in the race for base stealing honors. Maranville, who was showing the way a week ago with five thefts failed to swell his total, while Rawlings and Young of New York Myers of Brooklyn, Carey of Pittsburgh and Stutz of Chicago caught up with the Rabbit.

Other leading batters for 15 or more games: O'Farrell, Chicago .395; T. Griffin, Brooklyn .392; Hornsby, St. Louis .390; Bibbe, Pittsburgh .376; Powell, Boston .373; Walker Philadelphia .361; Meusel New York .358.

Becker of Kansas City is giving "King" Lear, the Molauke second baseman a race for the batting leadership of the American Association with Lead topping the list with a fat average of .451; Becker in six games slammed out nine hits, boosting his position in the race from seventh to second place. The averages included games of Wednesday.

Bunny Brief of Kansas City, "Reb" Russell of Minneapolis, and Krueger of Indianapolis are in the triple tie for home run hitting honors, with seven apiece. Murphy of Columbus, Mathews of Milwaukee, and Baird of Indianapolis are tied in base stealing, each having stolen five.

Other leading batters for 15 or more games: Mayer, Minneapolis .394; Russell, Minneapolis .392; Lutke, Kansas City .381; Purell Indianopolis .380; Hill, Toledo .373; Jordan Minneapolis .372; Griffin, Milwaukee .371; Hendry, St. Paul .371.

Driving out fifteen hits in six games gave Fisher of St. Joseph the batting honors of the Western league, with an average of .448 according to figures including games of Monday. Carl East, the Wichita slugger, dropped in second place, one point, depriving him of a tie with Fisher.

Davis of Tulsa and Washburn of Wichita are on even terms in home run hitting, with seven apiece. Washburn connected with a brace of homers since the completion of averages a week ago. Bennett of Wichita is trailing the pair with six. Thompson of Tulsa is showing the way to the base stealers with eight.

Other leading batters for 15 or more games: Elish, Sioux City .440; Manush, Omaha .436; Midleton, Oklahoma City .435; Davis Tulsa .381; Washburn, Wichita .381; Griffin, Omaha .373; Gomez, Denver .367; Defate, St. Joseph .364.

Schulte of Mobile is clinging to the batting lead of the Southern Association with an average of .500 and also is the king pin in

HOME RUNS ENABLE PHILADELPHIA TO WIN

PHILADELPHIA, May 12.—Home runs by Perkins and Miller enabled Philadelphia to even the series with St. Louis by winning today seven to four. The Athletics bunched five of their seven hits off Vangilder in the third inning for five runs, Sisler and Pat Collins, a pinch hitter in the ninth inning also hit homers.

Score: Philadelphia—001 001 101—4 10 1 Philadelphia—005 000 02x—7 7 0 Vangilder and Severid; Rommel and Perkins.

BROOKLYN WON FROM CINCINNATI

CINCINNATI, O., May 13.—Brooklyn lost to the Reds today 8 to 3. Cincinnati batted Shriver and Mitchell hard while Donohue kept the hits well scattered until the ninth inning when Wheat made a home run. Daubert hit safely for 21 straight games, with a single in the third inning. Score: Brooklyn—100 000 002—3 12 1 Cincinnati—000 241 01x—8 12 2 Shriver, Mitchell, and Hungling; Donohue and Hargrave.

PENNOCK HELD CHICAGO TO TWO HITS

Boston Defeated White Sox 3 to 1—Chicago's Run Resulted from Errors by Pittenger and Smith in the Ninth Inning.

Boston, May 13.—Pennock held Chicago to two hits today, Boston winning 3 to 1. Chicago's single run was the result of errors by Pittenger and Smith in the ninth. In the fifth Harris hit a home run over the left centerfield fence and then three errors, two by Johnson gave the home team another run. A pass by Leverette in the seventh and hits by Menosky and Pratt scored the third and last Boston run.

SUPERB PITCHING BY CARLSON WINS

State School for Deaf Defeats Missouri School by Score of 14 to 3—Local Leads Also Hit Hard and Field Well.

(By JOHNSON)
The superb pitching of George Carlson and the hard hitting of the I. S. D., also the splendid fielding by the I. S. D., enabled the Illinois School for the Deaf to defeat the Missouri School for the Deaf yesterday afternoon. It was the first victory of the season for the local line, after having suffered three straight defeats.

Carlson was back in his old form yesterday, pitching good ball throughout the game. For the first five innings of the game he held the Missouri team hitless and runless. Only one Missouri player was allowed to reach the initial sack during those five innings. The visiting team secured only four hits off him, one of which was a home run. He fanned eleven batters.

At the opening of the game Col. Smith threw the first pitched ball. Then the real game began. The Missouri boys were puzzled by Carlson's pitching, it was not until the sixth when they were able to swat the pill.

The Illinois boys scored their first run in the first inning by an extra base hit, a wild throw and a hit to deep left.

In the second they piled in four runs. The bases were loaded in that inning. Massinkoff, captain of the local team was batter up when the bases were full. He sent a double to deep center scoring all ahead of him. He scored later on a stolen base and a hit to right.

In the sixth the Missouri team found Carlson quite easy. Morgan hit to right; Casey was hit by pitcher; Brotherton sent the pill to deep left over Massinkoff's head for a home run. After that they were unable to deliver Carlson's slants.

In the same inning Casey, the Missouri slabanman was relieved by Morgan. Both were unable to check the local team.

Schrader again was the hitting ace for the I. S. D., securing five hits out of five times at bat.

The game was witnessed by a good sized crowd. The heat failed to take away their interest in the game, probably it expanded their interest.

The next game will be with the Decatur high school on the local team's diamond next Saturday.

NORTHWESTERN IS DUE TO COME BACK

Coaches and Athletes Believe Turning Point Has Been Reached—Thistlewait Says no Apologies This Fall.

EVANSTON, Ill.—That Northwestern University had come to the end of its athletic slump was the opinion of more than seventy-five prospective football candidates, who at a recent meeting in Patten gymnasium head coach Glenn Thistlewait, Athletic Director Dana M. Evans, Captain-elect Patterson and several alumni outline plans for next fall's work and emphasize the necessity of getting in condition during the summer.

"We have lost in every sport so far this year," Director Evans declared. "We have always been about one step behind other universities from the standpoint of athletics. We are all tired of losing and a radical change in the state of affairs is about to take place."

It was a serious group of men that listened to Coach Thistlewait, the next speaker, delivered his ultimatum to the football men. "Northwestern is facing one of the toughest propositions in its athletic history," he said, "and it will be a fight which will be up to us alone to put over."

"If we are to bring things out of the fire next fall it is absolutely necessary that we all come back on September 15 ready to go thru one of the stiffest training programs the coaches are able to devise," Thistlewait declared. "and when we meet Chicago, October 14, we want to have to apologize for anything."

CHILDREN'S CONCERTS AT WOMAN'S COLLEGE

Spring Festival of Children's Department of College of Music Came to a Close Saturday Afternoon.

The children's spring festival concerts, the first of which was a recital by the high school music students of I. W. C. last Thursday came to a close yesterday. There was a recital by the intermediates Friday evening and two by the smaller folk yesterday morning and evening. Thruout the performances the listner was impressed by the excellent work done under the direction of Miss Belle Mehus, whose untiring energy and patience have brought the children's department to the high standard it has now reached.

A feature of the festival was the playing of two symphonies, one a kitchen symphony by Kling, the other a forest symphony by Thiele in which the children gave proof of their good rythmical training.

Each of the last three recitals began with a demonstration of the theory work, taught by Miss Mehus in the Saturday classes. Two medals were awarded, one to Frances Kaule, pupil of Miss Sapio, the other to Ophelia Birdsell, pupil of Miss Martin, for the greatest number of hours practice work, including attendance at lessons and classes, during the second semester.

Edward O'Meara of the southwest part of the county arrived in the city yesterday.

ISOLATION HOSPITAL BENEFIT DANCE.

The matter of an isolation hospital is well before the people and surely all will agree that it is sorely needed. The ground will cost nothing as it will be on the Passavant Hospital premises and the call is most urgent. As it is there is really no place to take a patient afflicted with a contagious disease.

Tomorrow evening there is to be a benefit dance at the Elk's Home, the use of the building being donated free of cost.

The grand march will be at 8. During the evening refreshments will be served and music by Brown's orchestra will be provided. The admission is \$1.50 per couple exempt from war tax.

This will be an occasion for real enjoyment for all who love dancing under proper conditions and the receipts will surely go to a cause which needs no praise. There should be a good attendance.

HIGH ENCOMIUM.

Recently a concert program given in Peoria by Mrs. Lois Baptist Harsch, so well known in this city of her birth and early womanhood. Commenting on the affair the Peoria Journal-Transcript says:

"Mrs. Lois Baptist Harsch is one of Peoria's most accomplished pianists; she is a favorite pupil Ziesler with whom she has studied for a number of years. Her concert work thruout the state has won for her the finest commendations since she won the state contest in connection with the national contest of the Federation of Woman's Clubs four years ago.

SOCIETY

Hostess to Friends.

Miss Annabel Drury entertained a number of her high school friends last evening at her home south of Orleans. The affair was a delightful informal dance and there were about twelve couples present. The guests motored out about eight o'clock and a very pleasant evening was spent. During the time attractive refreshments were served.

Gives Children's Party.

A charming children's party was given yesterday afternoon at the home of Mr. and Mrs. William Newman on East State street by Mrs. William Newman, Jr., in honor of her little son, William Newman, the third. The party was given on the lawn and the youngsters had a gay time during the afternoon playing all sorts of games. The party was in honor of Master Newman's sixth birthday and about forty-five little guests had been invited. During the afternoon delicious refreshments were served. Mrs. Newman was assisted in entertaining by Mrs. Lillian M. Danskin, Mrs. William Newman, Sr. and Misses Elizabeth Ella and Mary Louise Newman.

Entertained Missouri Visitors.

A pretty lawn party was given last evening at the school for the deaf in honor of the boys from the Missouri state school who came to Jacksonville for a baseball game yesterday afternoon. The affair had been planned by the older students of the local school and was most delightful in every way. Pretty lanterns lighted the lawn and the boys and girls in the rythm classes of the Jacksonville school gave a program of attractive folk dances. The Greek dance, Brownie dance and others were given and the pretty costumes of the dancers added to the effect of the program. After the program an informal social time was enjoyed and refreshments were passed.

Gave Party for Missouri Ball Team

A lawn party was given at the State School for the Deaf Saturday evening in honor of the members of the baseball team of the Missouri School for the Deaf which played the local team Saturday afternoon.

The party was given by the older students of the institution and took place on the front lawn. The lawn was lighted with yellow and green lanterns, the colors of the Missouri team.

Six dances were given by the gymnasium classes. These dances were given in costume and were as follows: Dance of the Brownies, given by little boys; Greek dance by older boys in Greek costumes and carrying bows and arrows. At the end of the dance the boys formed a tableau and Miss Sollenberger, instructor for the boys in gymnasium work, gave a solo dance in Grecian costume.

Four dances were then given by girls. They wore light dresses emblematic of the various dances. These dances were Daffodils, Poppies, Humoresque and At Dawning. Following the dances time was spent socially and refreshments were served in which the same color scheme was carried out.

Children's Party At Newman Home.

A party in honor of the sixth birthday of William Newman the third, was given Saturday afternoon at the home of his grandparents, Mr. and Mrs. William Newman, Sr., 809 East State street. The hours were from 3 to 6 o'clock and were spent with various games suitable to the age of the participants. The young host was the recipient of a number of very attractive gifts.

The young man was assisted in entertaining by his grandmothers, Mrs. Newman and Mrs. J. H. Danskin, Misses Elizabeth, Ella and Mary Louise Newman, Mrs.

A. L. Taylor and Mrs. M. J. Donahoe.

The out of town guests were Mrs. Bert Bruce and sons, Bartram and Donald, of Springfield; Miss Betty Buland of Bethany, W. Va., John and James Wilson, of Joy Prairie. The other guests were Wadsworth Applebee, Charles Buhrer, Richard Bau-croft, De Vere Brockhouse, Ned Donahoe, Billy Dace Cole, Kenneth Danskin, Harlan Eyre, William Findley, Fletcher Warren Hopper, Reginald Tress, Charles Hackett, Jr., Richard Pierson, Bobby Tull, Chester Stout, Randall Stout, John Robinson, Waldo Ranson, Charles Warren Ranson, Edward Hopper, Rodger Hopper, Ralph Withee, Jr., Robert Newman, Minna Margaret Adams, Gretchen Beadle, Charline Eyre, Betty Jane Eyre, Miriam Findley, Mary Helen Johnson, Margaret Josephine Johnson, Elizabeth King, Constance King, Betty Lane, Ruth Margaret Norbury, Jean Kantz, Virginia Thompson, Ruth Walton, Frances Walls, Helen Lee Woolsey.

Anniversary Dinner For Mr. and Mrs. Ben Lurton

A dinner is to be given by Mr. and Mrs. Earl Lukeman at their home near Franklin, the event being in honor of the wedding anniversary of Mr. and Mrs. Ben Lurton. It has been a custom of years' standing for Mr. and Mrs. Lukeman to give a dinner in honor of this anniversary, and there will be about twenty-five guests present on this year's observance.

Among the guests today will be Mr. and Mrs. Roy Dyer and family, Murrayville; Mr. and Mrs. Walter Wood, Jacksonville; Mr. and Mrs. Theodore Lukeman, Miss Effie Lukeman and John Lukeman, residing east of the city; Mr. and Mrs. Otis Axe and daughter and Otis Hopper.

Entertained for Miss Vaught

Mrs. Walter Ayers was hostess to a small company given at her home on West State street Saturday afternoon in honor of Miss Ara Vaught of Paris, Ill. Beautiful garden flowers were used in the decorations and the refreshments were of a kind in keeping with the hospitality of the Ayers home.

Gave Party at Country Home

Miss Annabel Drury entertained a limited company of young people Saturday evening at the home of her parents, Mr. and Mrs. E. E. Drury near Orleans. Dancing and other amusements had place in the evening program of pleasure. Refreshments were served and in every detail the party was one which Miss Drury's guests could thoroly enjoy.

WINCHESTER PUPILS GAVE FINE PROGRAM

Brown School Closes Term With Basket Dinner and Program by Pupils—Other Winchester and Scott County Notes.

WINCHESTER, May 13—Brown school, of which Miss Elsie Lyons has been the teacher for the past term, closed Friday. Pupils of the school came with well filled baskets and everybody enjoyed a fine dinner at the noon hour. A short program, including readings and songs, was then given by the pupils. Mrs. James Overton was present and gave a talk on health. The children of this school did excellent work in the health crusade and many received badges of the Knight Banner-er.

Coach Cogdill, Frank Roosa, Ralph Peak, Ronald Henry and Tom Watt will be home Sunday afternoon from Decatur where they attended the track meet.

Mrs. Mary Lilly and daughter, Mrs. Alonzo Ellis, arrived Saturday from White Hall. Mrs. Lilly has spent the past few months there with her daughter and has now returned to her home here.

Jesse Evans arrived Saturday night from St. Louis to spend Sunday with his wife and other relatives.

Mother's day will be duly observed in the various churches of the city tomorrow.

FUNERALS

Stanley

Funeral rites for Miss Lula Mae Stanley were conducted yesterday afternoon at 2 o'clock at the Gilliam Funeral Home, Rev. M. L. Pontius officiating.

A quartette composed of Cora Graham, Mrs. Mae Hitt, Thos. Rapp and W. W. Gilliam furnished the music. The floral tributes were in care of Misses Jaeger and Stewart.

The bearers were Francis Daolin, Joseph Sheehan, C. A. Fiedler, Carl Hempel, William Sheehan and Ivan Ingram. Interment was made in Diamond Grove cemetery.

Drovisch

The private funeral services of Emma D. Drovisch, which were conducted at the home of her parents no 1357 South Clay avenue yesterday afternoon, were attended by relatives only. Rev. J. P. Langton of Trinity Episcopal church officiated. The remains will be taken today to Decatur via the Wabash where interment will be made in a mausoleum.

HORSES AND MULES IN UNITED STATES SHOW AN INCREASE

Despite Decrease in Cities the Entire Country
Shows Over 200 Per Cent in Horses and
Over 30 Per Cent in Mules in the Last De-
cade—Scarcity of Good Stock in Country

(By The Associated Press)

CHICAGO, May 13.—Although the number of horses and mules in cities and towns decreased approximately 38 per cent between 1910 and 1920, the total number in the United States increased 1.9 per cent in that period, with an increase of 218 per cent in horses and 32.4 per cent in mules on farms, according to bulletin of the Horse Association of America.

"The practical elimination of the driving horse for business use and the advent of motor trucks, has caused the decline in the cities," the bulletin stated. "It does not indicate, however, that horses and mules in towns and cities will decrease indefinitely, for there are certain kinds of city work, such as short hauls, slow hauling through crowded districts, and delivery routes which involve many stops, which are most efficiently and cheaply done by horses, and to which horses are being restored as the facts and cost figures become generally known."

The bulletin said there was a marked scarcity of good young horses and mules, that the birth rate had not kept pace with the death rate, and that a twenty-five per cent increase in breeding will just hold up present strength, but will not allow for normal expansion in horse and mule use.

The bulletin quoted the United States census of January 1, 1920, as showing 21,472,772 horses and 5,810,641 mules in the United States, a total of 27,283,413 head, and an increase of 526,663 or 1.9 over the number in 1910.

The 1920 census also showed that 19,787,161 horses and 5,432,391 mules were on the farms, a grand total of 25,199,552 head, representing an increase of 1,331,879 mules or 32.4 per cent over 1910.

A total of 2,083,861 horses and mules was shown in the census to be engaged in non-agricultural work, including those in cities and towns. Of this number 1,765,611 were horses and 378,250 mules. This was declared to be a decrease of nearly 39 per cent from 1910.

Breeding Facilities Poor.
Discussing the question of whether breeding would be resumed this spring, the bulletin stated that "the shortage of good young horses has put farmers generally in a mood to breed their mares; but as stallions and jack owners have been unable to make money during the last few years, a great many have gone out of business."

"The result is," the bulletin continued, "that thousands of communities where breeding would be resumed if sires were available will be held back from doing so. In more fortunate com-

VIRGINIA RESIDENT IS CALLED BY DEATH

Richard Bird Way Passed Away
Very Suddenly at Home in
Virginia — Funeral Services
Held Saturday.

Virginia, May 13.—Funeral services for the late Richard Bird Way were held at 2 p. m. Saturday, at the Christian church in Virginia. The services were largely attended, as the deceased was so well and favorably known in the Virginia community.

Mr. Way, who was the son of Jessie and Malinda Way, and was born Jan. 23, 1845, in Morgan county, near what is known as Hazel Green cemetery and passed to his record at 4:45 p. m. May 11, at his home, 162 Union street, Virginia, Ill. Until about 20 years ago his life was spent on the farm in Cass and Morgan counties.

Jan. 16, 1868, he was united in marriage to Minerva Jane Davis and to this union were born three sons and one daughter as follows: John Allen and Harry G. of Ashland, Ill., and Jessie Albert of Concord, Ill., and Luella Maud Chittick of Springfield.

Most of the last 20 years Mr. Way has been identified with different stores on the west side of the square. "Uncle Dick" was one of God's noblemen and surely it can be said that no one had more friends than he. It has often been said Uncle Dick never had an enemy. His influence for good in this community will be felt in the coming generations, and his life is an illustration of a great life, made up of a multitude of little things well done.

He leaves to mourn his departure his wife and above named children, one brother, Stephen Allen of Virginia, Ill.; six grandchildren and four great grandchildren. For nearly half a century his faith has been in Christ and followed his consistently to the close. The last 25 years of his life he has been a member of the church of Christ, of Virginia.

Until the afternoon of his death he talked with the family very calmly and peacefully of his going, then just closed his eyes in sleep. He that is faithful to the end shall receive a crown of life.

Many churches are planning special socials and banquets for Mothers and daughters during the week of May 14.

The Truth About Retail Prices Roger W. Babson Explains the High Cost of Living

WELLESLEY HILLS, May 14.—Discussing the general trend of the business revival, Roger W. Babson, the statistician today pointed out one of the factors that is holding up prices and living costs.

"Wherever I have been on my trip the past three months," said Mr. Babson, "complaints have come from all sources of the high retail prices. Now, there is no gain saying the fact that retail prices are out of line with whole sale prices. There has not been a reduction in retail prices to correspond with the reduction in wholesale prices. A part of this difference is perfectly natural as movements in retail prices must of necessity lag from six months to a year behind changes in wholesale prices. But even allowing for this natural lag, statistics indicate the retailer has not yet made the readjustment which has been made by the wholesaler. This is an established fact and it is useless for retailers to claim otherwise. Whether retailers are to blame for not making this readjustment is, however, a debatable question. My investigations thus far lead me to believe the retailer is not to blame, but is a victim of certain economic changes which have taken place during the past few years.

"In the lumber regions of the south, which I visited recently standard hard pine at the mill increased during the war from 100 to 200 per cent, over pre-war levels. Today it is back to normal. The lumber industry, however, has had practically only one main factor to contend with, namely, the price it pays for labor. Three years ago when these mills were paying \$3 to \$4 a day per man, now they are paying from \$1 to \$1.50 a day and are getting much better men. By being able to quickly cut their operating costs so drastically it has been a simple matter for them to reduce the price of their product. Moreover, their volume is such that they are perfectly satisfied with a profit at \$2 per thousand feet.

"When this lumber reaches the city the retailer demands a profit of \$10 per thousand simply for carrying it out. Of course from an economic point of view it seems absolutely unjust that the man who owns the forest, cuts the timber, makes and delivers to your city the lumber should get only \$2 a thousand, while the retailer in your town who simply takes it from the railroad yards to your house gets \$10 per thousand. Yes, this seems very unfair, yet examination shows that most mill owners have become wealthy while only a very few local lumber dealers have ever made much money and the percentage of failures among lumber yards is abnormally great. In short, the retailer, under present economic conditions, really needs this apparently abnormal profit which he is getting. The truth is that retailing has become so complicated that the retailer is the victim of circumstances over which he has little control.

"My thoughts," continued Mr. Babson, "go back to boyhood days in Gloucester, Massachusetts. There was a butcher shop near my home where we used to buy our meat. I can see it now with the hams, and bacon hanging up on the wall, a big block in the center of the store behind which was a fat healthy butcher, the proprietor of the establishment, and the sole employee. When my father wanted some beef he gave me the money and sent me to the market to get it. The butcher gave me the cut my father desired, wrapped it in brown paper and I took it home, paying cash for the same. The price of good beef in those days was twenty to thirty cents a pound. There, however, were no deliveries and the butcher didn't spend anything on ice in the winter time for I remember the frost there used to be on those butcher store windows altho the butcher was a healthy and happy man.

"Today the same store is used for a butcher shop but it is steam heated, and the proprietor buys nearly as much ice in the winter as he does in the summer. Moreover, the proprietor does not cut any meat himself. Mornings he usually is found in the store, but afterwards he is usually out automobiling. He has a bookkeeper who keeps the accounts, a big cash register, two clerks, and a man who runs the delivery automobile. Owing to possible breakdowns he has two automobiles. Not only is everything run on a more expensive basis but the clerks don't do more than a half a day's work. They see the proprietor loafing and they loaf themselves. None of them have any interest in the business and each one is trying to get by with as little work as possible.

"The fundamental question is whether or not this store is selling any more pounds of beef and provisions than it did 20 years ago. I know the rent has doubled and other expenses have tripled and quadrupled, but I seriously doubt if this store is selling any more goods. Gloucester, hasn't as much population as it had 20 years ago, and there are more butcher shops. It is probably true that people are eating more meat per capita now than in

those days, but I am very sure that the output of this shop is no greater than it was 20 years ago. Today, however, when one of the neighbors wants steak she no longer sends her boy to get it (he is probably busy playing football or practicing for a high school Minstrel Show or perhaps he is at the movies). Today the mother telephones to the butcher shop, the bookkeeper enters the order on an elaborate filing system, this in turn is given to one of the clerks who cuts the meat. The meat is then wrapped in two or three pieces of paper, put in a special basket and delivered by an auto truck, costing two to three thousand dollars. Moreover, the meat is charged to be billed at the end of the month and paid for then, and if money is available.

"As a result, people today, under these conditions must pay double or triple for their meat compared with what they paid 20 years ago. The truth is that today everyone from the boy of the home to the proprietor himself, is lazy.

"No one wants to do anything himself which he can possibly avoid. Everyone is trying to spend as much of his time as he can on amusements, automobiling and movies. Telephones, high schools, and credit systems are wonderful inventions; but they all tend to increase the cost of distribution. The retailer is up against fashions and customs which have bound him with ropes that are almost too strong to break. What the future will bring forth I do not know. It, however, is evident that the retailer is not to blame for present conditions. You and I, as fathers and mothers, are to blame. Our high schools are to blame. Retail prices can be reduced only as the spirit of work, thrift and usefulness again prevails the community.

"To meet this abnormal condition and the resulting high cost of living," concluded Mr. Babson, "the chain store and the mail order house with their centralized buying and cash and carry system is rapidly invading every shopping center in the country, together with some department stores who are now following a scientific merchandizing policy. The soundness of this principle and the need for such a service is reflected in the fact that Woolworth, Kresge, Kress, United Retail Stores, Butler Brothers, and Sears, Roebuck are among the strongest issues in the stock market.

"Personally I am sorry to see this change brought about. Our communities will ultimately be better off with individual stores owned by local people than by chain stores and mail order houses controlled by outside corporations; but I predict that for the present, local merchants to win must reverse their merchandizing systems.

ILLINOIS CONSTRUCTION
INCREASES
Building contracts awarded in the state of Illinois during April amounted to \$27,627,300, according to the F. W. Dodge Company. This figure represented an increase of 12 per cent over the preceding month and of 35 per cent over April, 1921.
Included in last month's total were: \$9,389,600 or 34 per cent for residential buildings; \$6,396,900 or 22 per cent for public works and utilities; \$4,313,200 or 16 per cent for educational buildings; and \$3,473,900 or 13 per cent for industrial buildings.
During the first four months of this year contracts awarded in Illinois have amounted to \$79,039,300, which is 41 per cent greater than the figure for the corresponding period of last year.

CANVASSING BOARD COMPLETES WORK

Announces Result of Primary
Election for C. C. Directors—
Job of Counting Was Hard One.

The primary election for the selection of twelve candidates for the board of directors of the Chamber of Commerce resulted in the nomination of the following men:

W. E. Sullivan—124.
R. Y. Rowe—113.
E. A. Brennan—111.
J. W. Merrigan—119.
V. R. Riley—101.
T. M. Tomlinson—51.
H. M. Andre—45.
L. S. Reid—41.
Fletcher Hopper—37.
Paul Samuel—32.
Fred Randall—31.
A. R. Taylor—28.

The vote for the election was very heavy and about three hundred votes were cast. As each ballot contained twelve names, and as every member of the organization received at least one vote, the election committee was forced to stop work about eleven thirty o'clock Friday evening and finish the counting of the votes Saturday morning. The election committee consisted of A. R. Taylor, chairman, Fred Darr, Ben Owens, A. L. Taylor and Louis Horen.

The men receiving the highest number of votes were those who already hold office on the board of directors. Reverend M. L. Pontius received a large number of votes but his name was withdrawn at his request, as Rev. Pontius felt that on account of his numerous duties he would be unable to serve on the board again.

The names of the twelve men nominated will be put on the official ballot and mailed out to the members of the Chamber of Commerce the early part of the week in order that they may be returned to headquarters by seven o'clock Friday evening, May 19th. At that time the final count will be made and the six directors of the board named for the coming year.

PLANS FOR NATIONAL DEFENSE DISCUSSED BY GENERAL PERSHING

Head of Army Writes Frankly in the American Legion Weekly—Says That Preparedness Would Have Kept Us Out of World War—Congress Shuts its Eyes to Needs

(By The Associated Press)

NEW YORK, May 13.—General Pershing, writing of "Our Plans for the National Defense," in the current American Legion Weekly maintains that the absolute minimum in the standing army below which it is highly dangerous to reduce already has been reached.

Reviewing regrettable experiences attributed to unpreparedness of the United States in past wars, the General writes that "as to the World War, I firmly believe that a substantial condition of preparedness of our land and naval forces, backed by an adequate merchant marine, would have kept us out of war, and would have placed us in a position to have brought it to an early termination."

"Moreover," he continues, "it is not too much to say that under these conditions and with strong leadership, we might have prevented the World War altogether."

In this article, General Pershing visualizes the tripartite army which "we are struggling to create" under the Reorganization Act of June, 1920, a welding of regulars, trained national guardsmen and a large citizen reserve into a homogeneous whole. He pleads with his comrades of the American Legion to "support the modest estimates of the administration of men and money needed to perfect our well-considered plans for a basic organization and for preliminary training that we may avoid another humiliating experience before the world."

"The story of American wars is shut our eyes to these plain facts, one of gallant deeds and great personal courage on the part of the individual officer and soldier, but lack of preparation and training has always led to undue loss of life and heavy financial burden," the General writes.

"While we boast of having been victorious in our early foreign wars, it was due more directly to the weakness of the enemy and his engagements elsewhere than to the exercise of wise forethought in preparation or to superior strategic or tactical ability on the part of our own forces or their leaders. We are prone to

express the belief that American preparedness and strong leadership (Continued on Page Thirteen.)

WOMAN'S COLLEGE NOTES

President and Mrs. Harker have returned to the college after an absence of about nine weeks. While away they were the guests of the Illinois Woman's College societies in Kansas City, Los Angeles and San Francisco, besides meeting many other groups of former students and graduates in the various parts of the country which they visited.

Miss Susan Reblan of the class of 1908 was a guest at the college last Wednesday. Miss Reblan is one of the national workers in the Young Woman's Christian Association, her special duties being that of work among the employed women. Miss Reblan's success in Christian Association work has been remarkable; she first attracted special attention because of her ability while in the Youngstown, Ohio, association. Miss Reblan has just been transferred to the Pacific coast field and will have charge of the Washington, Oregon, California, Arizona and Nevada. The college is indeed proud of the splendid work which Miss Reblan has been doing.

The Freshman society, the Alpha Pi Delta, enjoyed a picnic at Nichols Park on Tuesday evening. About fifty members of the society were able to be present and spent a delightful two hours.

The storm of Thursday night ruined the beautiful spirea hedge around the campus. This hedge was one of the most beautiful spots in the city for the short time it was in full bloom. At night by moonlight it appeared as if it was a great drift of snow.

About fifty guests are at the college over the week end, most of them to enjoy the annual May Pageant.

The Physical Education department is putting the finishing touches on the various dances that are a part of the Pageant. Mr. John

Kearns, a member of the faculty of Music and for many years a friend of the school, has written the pageant; the name of it is "The Lady of the Lake." His "Enchanted Thorn," which was presented last year, was most interesting and unique; "The Lady of the Lake" will be equally as enjoyable. The performance will begin promptly at 4:30 Monday afternoon.

Miss Helen Childs and Miss Opal Morgan of the Secretarial department were awarded medals by the Underwood Typewriter Company for proficiency and speed in typewriting this month. Miss Geraldine Higgins also was awarded a medal and a bar. The medals are given for forty net words written per minute for fifteen consecutive minutes and a bar is added for each additional ten words written.

Senator and Mrs. James E. MacMurray of Chicago are at the college to enjoy the May Day Pageant.

Miss Horsburgh has just received a letter from Prof. Auer, the famous violin teacher, expressing his satisfaction at the quality of the work displayed by the pupils of Miss Horsburgh who recently played for him in Chicago.

Two piano compositions by Mrs. Martin, of the faculty, were played by two of her pupils at the recital at Music Hall Friday evening.

Merita Nunes, piano pupil of Miss Sapiro, won first place at the county contest held at Ashland. She played a Chopin Nocturne and won her points on expression and clarity of technique.

Gladys du Bois, voice pupil of Mrs. Forrest, won first place in the music contest held at Carrollton last week.

Ravonne Hawk, voice pupil of Miss Suzanne Rinehart won second place at the county contest at Jacksonville high school last week.

Mothers' Day at the Public Library

Miss Anne Jarvis of Philadelphia is credited with the organization of Mother's Day. Miss Jarvis was asked by her home town in Virginia to plan a fitting memorial to her own mother in which the entire community might join. While planning this Miss Jarvis came to the conclusion that a national commemoration of the debt we owe our mothers might very fittingly be observed.

In May, 1914, Congress designated the second Sunday in May as Mother's Day and authorized and requested the president to issue a proclamation calling on all the government officials to display the flag on all government buildings on that day. Tomorrow, May 14, will be Mother's Day. On this day we should commemorate in a very special way our mothers. They have given us of their best years, have sacrificed themselves for us—the most we can do in return cannot be too much. Churches, schools and various organizations will celebrate Mother's Day with special programs. Material for these programs and history of the day may be procured at the Public Library.

UNDER THE STUDY LAMP

The repeated periods of neglect of the temple on the part of the Jews should not surprise anyone over much. Christians have been equally guilty. Dean Millman himself tells us how during the reign of Queen Elizabeth laden streets were led through aisles of St. Paul's Cathedral, bargains struck, burglaries planned, and servants hired there. A sacred edifice may be looked upon as a barometer, showing the religious temper of a nation at any period. Well kept, embellished, guarded and used, it indicates a high state of grace, and vice versa, a low state. At St. Peter's Cathedral in Rome a small army is kept constantly employed in cleaning and repairing. Enough is spent annually to build several ordinary churches. The colony of workmen and care-takers live in a little village on the ample and solid roof. If work was suspended signs of decay would appear immediately. Hezekiah is one of the ever-living heroes of Hebrew history. Bright light of dark ages! one of the three perfect kings of Judah. Hezekiah's invitation and summons had the urgent religious appeal receives; some mocked, others excused, others humbled themselves. Jesus may have had this familiar incident of his country's history in mind when he spoke the parable of a king's invitation. He uses the very word "mocked." No state paper could have been more happily or skillfully worded. Attention was quietly called to the long period of omissions and they were reminded that they were the remnant that had escaped exile thru the mercy of God. Note of warning is not wanting, but special emphasis is put upon this observation as a means by which their "brethren and children" shall escape. Not unlikely Isaiah may have collaborated with the king in drawing up this message. Hezekiah believed in the ritual, but he was no fanatical stickler for it. He would not allow himself to be defeated by the delay of the priests or the tardy arrival of the people. He observed the second month when things could not be ready for the legal "first month."

Again when the priests were too few to prepare the victims as was their sole office according to the ceremonial law and custom, Hezekiah reinforced them with Levites to whom that function did not pertain. The temple of God today is spiritual; Jesus Christ its corner—stone, prophets and apostles its foundation, upon which rise the walls of living stones quarried out of sin. It is a temple still growing in whose building all may cooperate, all may be included.

The formal recognition of God in the U. S. Constitution of which there have always been advocates is not nearly so important a matter as a practical faith in him expressed in the life of the people. The former would be the "letter" the latter is the "spirit." Religion, expressing itself not in ecclesiasticism or dogmatism, but in righteousness, love and service would insure universal peace and joy.

Motto: The Church: The visible and organized body of Christian believers. Century Dictionary. Psalm CXXII 1-9

How Can We Help Our Church and Get Help From It?

At close of worship in the Collegiate Church, New York, one Sabbath a young man followed the minister into the vestry and said to him in many fashion, "Sir I believe the doctrines you preach and wish to be received into membership next Sunday morning." The frankness, definiteness and resoluteness was characteristic of Theodore Roosevelt. In that decision he continued unwaveringly to the end. His "Ten Reasons for Going to Church" is a classic. He once said sentimentally "Church work and church attendance mean the cultivation of a habit of responsibility for others." Great would be the gain if young men would emulate his example.

Daily Reading

Monday—By our loyalty—

ILLINOIS COLLEGE NOTES

The trustees of the college greatly appreciate the ready response of so many alumni and friends for additional help in the strenuous effort to complete the Endowment Fund by commencement. In order to work out the plan on which the trustees are endeavoring to finish the campaign, they must still find one friend who will give \$5000; another who will give \$2,500; four who will give \$1000 each; seven who will give \$500 each; and a host of friends who will contribute in smaller amounts.

In addition to the subscription recently reported is one of \$500 received a few days ago from a member of the class of '87 residing in the East.

The class of '97 is proceeding with its plans for a 25th anniversary reunion at commencement. The class of '72 which will observe its 50th anniversary this coming commencement has three surviving members—W. D. Wood and J. P. Lippincott of Jacksonville, and Franklin E. Kellogg of Santa Barbara, California. It is evident that this class is sure to have 66 per cent of its members back for the reunion.

Phi Delta Sigma, the new honorary scholarship society is planning to have a meeting to which the public will be invited on Tuesday morning of commencement week.

H. F. Scott '96 who was formerly connected with the University High School in Chicago has recently gone to Athens, Ohio. He is now on the faculty of Ohio University.

Professor M. G. Frampton represented Illinois College at the inauguration of Dr. von Klein Smid as president of the University of Southern California.

The Spanish Club held an open meeting in Gamma Delta Hall on Monday evening. The first year Spanish students were the guests of honor. An excellent program was given, two of the interesting numbers being Spanish Folk Songs by Charles Capps, and a one-act Spanish comedy by three of the second year Spanish students. After the program, everyone enjoyed a social hour.

J. Wilson Akers '21 was a visitor on the campus Friday. Mr. Akers is principal of the Paris, Missouri high school. Several students from the Paris high school visited the campus with Mr. Akers on Friday.

The Reverend Wiley Lin Hurie '06 of Russellville, Arkansas will represent Illinois College at the Fiftieth Anniversary Celebration of the University of Arkansas at Fayetteville, Arkansas on June tenth to fourteenth.

The music by the College Band Saturday afternoon at the Illinois College Interscholastic meet was a great addition to the event.

GREAT INTEREST IN HIGH SCHOOL CASE

Citizens Hold Varying Viewpoints With Reference to the Chapin Community School.

A large amount of interest is being shown in the Chapin community high school situation and the chances are that when the question of discontinuing the district is submitted to the people at a special election that a very large vote will be polled. There have been between 60 and 70 pupils enrolled the past year, the attendance showing a little growth by comparison with that of the year before.

About 16,000 acres of land are included in the district and the property valuation is \$1,400,000. Some of the property owners insist that because the district is not sufficiently large the tax per acre on the land is excessive.

Under the present law the district cannot be enlarged. Some of the opponents of the district as now organized state that their wish is not to abolish the high school but to merely abolish the district as now organized, and then to create a larger district so that the tax for maintenance will be spread over a greater acreage.

However, many friends of the high school project see a great danger in this procedure and do

not believe that it would be possible at this time to secure a majority of votes for the formation of the enlarged districts. The building and ground of the high school were given to the district as a memorial to Mr. and Mrs. C. S. French, long prominent residents of the community. The bequest was made upon certain conditions, which included the beautifying of the grounds and the continuous use of the building for high school purposes for a period of years.

If the district as formed is abolished, the property will revert to Mrs. Rena French Kessinger of Rhome, N. Y. Although some persons interested in abolishing the district have asked Mrs. Kessinger to state that if the present district is abolished and a larger one organized, that she will deed back the property to such an enlarged district, it is understood that Mrs. Kessinger does not look with favor upon the change suggested.

Mrs. Kessinger's views will undoubtedly have weight not only because she is the donor of the property but from the further fact that she is one of the largest land owners and tax payers within the district as now organized.

"Say it with flowers" to her on Mothers' Day.

Come, See the Western Electric

Dishwasher and Kitchen Table

Another Item of Household Drudgery Eliminated

We have the electric washer, the sweeper, the toaster, and a dozen other labor savers in the home, and now—the dishwasher.

Of all the household tasks a woman has to do, none does she dislike more than that of dishwashing—it's a mean, slavish, disagreeable work—three times a day, no matter the weather, no matter how she feels, dip, dip, dip, into hot, greasy dishwater. But, now all this is eliminated in the home—ten to fifteen minutes does the trick, in a clean, pleasant manner.

Here's How it Operates

First, the lower rack in the dishwasher is filled with plates, saucers and platters. The silverware is also placed in the proper compartments.

The upper rack is then put into the dishwasher, and cups, pitchers and glasses are placed in it.

When all the dishes are in place a tea kettle or an eight-quart bucket full of hot water in which a tablespoonful of washing powder has been put, is poured into the dishwasher and the lid is closed.

The motor is then switched on. This turns the paddle wheel which throws the water at great speed over and around every article, thoroughly cleaning all sides of dishes and silverware.

In eight minutes the dishes have been washed and are ready for rinsing. The water in the dishwasher is then drawn off and another eight quarts of boiling water for rinsing is poured in.

In three minutes, the dishes are rinsed and the motor is turned off. It is only necessary to

dry the silverware and glasses, which must be polished with a dry towel. By the time this is done, the china has dried of its own accord and is ready to be placed in the china closet.

The dishwasher cleanses itself, because the same water that rinses the dishes also rinses out the machine.

The dishwashing has taken only 12 to 15 minutes, with practically no work on the part of the housewife and with no dipping of hands into hot greasy dishwater.

WOMAN'S CLUB HELD BREAKFAST

Annual Event Was Held Saturday in Grace Church—Mrs. John W. Clary Was Elected President.

The annual May breakfast of the Jacksonville Woman's Club was held yesterday at the Grace church. The affair, always one of the important social functions of the spring in Jacksonville, was one of the prettiest ever held. The guests were seated at small tables and at each table one member of the club was the hostess. The tables were most attractively arranged with spring flowers and a delicious breakfast menu was served at twelve thirty o'clock. Covers were laid for two hundred and forty-six guests.

After the breakfast a short program of music and readings was given and the annual business meeting and election of officers was held. Mrs. A. B. Williamson, who has been president of the organization for the past year, was

re-elected as president for the coming year. Mrs. J. W. Clary was the chairman of the nominating committee. The other officers were elected as follows:

1st Vice President—Mrs. John Buckley.
2nd Vice President—Mrs. W. D. Roberts.
Recording Secretary—Mrs. A. H. Doller.
Corresponding Secretary—Miss Violet Davis.
Treasurer—Mrs. George S. Rogers.
Assistant Treasurer—Mrs. J. N. Conover.

The program of the afternoon consisted of a group of readings by Miss Ida B. Davis, head of the Expression Department of Illinois Woman's College, and a group of songs of Mrs. Barr Brown. Mrs. Brown sang, "I Love But A Day," by Hallet Gilbert, and "What's in the Air Today," by Robert Eden. Mrs. Helen Ayers Bullard accompanied Mrs. Brown at the piano. Mrs. Thomas Smith gave the invocation at the opening of the luncheon.

During the business meeting

the officers of the organization made the annual reports which showed that the year just passed has been an unusually successful one for the Woman's Club. Mrs. Reeve, as chairman of the Round Table gave a report of the program of the year carried out by this branch of the Woman's Club. A Colonial Party and a benefit tea given at the Elk's club were part of the program of the year. Mrs. Reeve's report showed \$429.75 collected during the past year and total disbursements to date of \$394.31, leaving a balance including the war savings stamps of \$59.44.

It is hoped that enough money will be realized from the serving at the benefit dance at the Elks Monday evening to finish the pledge of \$100 to the Isolated Ward, making a total of \$200 given to this undertaking. Mrs. H. A. Perrin has been elected to the chairmanship of the Round Table for next year.

Mrs. George Rogers Woman's club treasurer, reported a balance on hand of \$151.39. With a balance of \$148.47 in the treasury at the first of the year, and the annual dues, etc., total balance was \$1,141.45. The club gave \$25 to the chairman of the Social Service committee; \$100 to Oak Lawn sanitarium; \$50 to the Social Service league; \$12.50 for Art committee poster prize; \$25 to the flood sufferers; \$50 to Our Saviour's Hospital and \$50 to the Isolation Ward, making with the expenses a disbursement of \$990.36. It was decided to buy a \$100 Liberty Bond with part of the balance now in the treasury.

The hostesses for the May Breakfast were Mrs. E. D. Herald, Mrs. A. D. Arnold, Mrs. D. E. Kennedy, Mrs. Bert Andre, Mrs. Frank Mathers, Mrs. Charles Corrington, Mrs. E. W. Brown, Mrs. C. F. Virgin, Mrs. J. J. Reeve, Mrs. A. B. Williamson, Mrs. Clarence York, Mrs. C. B. Graft, Mrs. R. Shookmaker, Mrs. C. F. Pipp, Mrs. F. E. Farrell, Miss Violet Davis, Mrs. C. A. Goodale, Mrs. F. W. Bolton, Mrs. E. G. Caldwell, Mrs. Eugene Pyatt, Mrs. Homer Woods, Mrs. Clarence Ratachak and Mrs. Charles Johnson.

Mrs. Ben Lurton as president of the Pastor's Aid of Grace church was chairman of the breakfast committee. Mrs. George E. Baxter and Mrs. W. B. Rogers were general chairmen of the affair and the breakfast was served by the ladies of Circles Three and Four. Mrs. Harry Timmons is the chairman of Circle Number 3 and Mrs. Walter Martin is the chairman of Circle Number 4.

PLANS FOR NATIONAL DEFENSE DISCUSSED BY GENERAL PERSHING

(Continued from Page Nine.)
ship might have prevented the world war.

Never Sought Remedy.
"Never until our last experience have we sought a remedy for the avoidance of past errors," he continues, "but after each war we have gone serenely back to the policy of saving a few dollars that should be spent for moderate preparation in order to meet the billions spent because of lack of preparation."

The new three-fold army, General Pershing explains, would be built on the structural framework taken bodily from the World War so that the traditions, esprit and prestige of the great combat units would be perpetuated.
"The combat component of the regular army in the United States is so small as to be almost negligible in the event of hostilities with a first-class power," the General declares. "Therefore, the National Guard must, under our adopted military policy, immediately take the field in a great emergency. This force must be trained and organized, ready to deploy upon the declaration of war, as the bulwark behind which the Federal government will mobilize troops and industries."

The organized reserves, constitute the largest group in the war armies, would not be maintained at strength in time of peace, save for a few trained officers and enlisted specialists. These, assigned to skeleton organizations chiefly in their own home towns, would keep in touch with the army by correspondence courses and summer camps, while officers would be trained in high schools, colleges and citizen's camps.

"Any arrangement that contemplates our taking the offensive immediately upon the outbreak of a great war is impracticable because of the immense expense involved in time of peace and is impossible because it would not be in keeping with our democratic ideals," General Pershing says. "The existence of such an armed force would be militarism of a profound and objectionable type. But our initial role on land is defensive, and it is the National Guard which is charged with the fulfillment of this mission. Later, as the offensive became necessary, it is the National Guard and the large organized reserves, supplemented by the regulars, which must carry a war to a triumphant conclusion."

Sums Up Situation.
Summing up General Pershing says: "Contrast the National Guard and the regular army, holding the battle line while the greater army of Reserves is being formed, with our ignominious plight during the first year of the late war, when we were forced to depend upon the armies of France and England to defend our interests until the American Expeditionary Forces could be brought into the field."

"As this is written Congress is engaged in the consideration of drastic reductions in our professional personnel, and in the sums estimated as necessary for the training and equipment of the citizen forces. No thinking man can be justified in demanding a large professional army, but there is an absolute minimum below which it is highly dangerous to reduce and that we have already reached. The obligation of the professional soldier to defend our colonial possessions, particularly the important outposts of Hawaii and the Panama Canal, and to carry out duties explicitly set forth in the law for the organization and training of the citizen forces, remains unchanged."

The I. A. A., the county farm bureau of Illinois, the Extension Service of the College of Agriculture and the Farmers Institute held a meeting at Springfield in which it was decided to co-operate in the raising of a fund of \$250,000 by subscriptions to purchase seed and feed for the families wiped out by the floods of the Spring.

It is estimated that more than twelve hundred farm families in Illinois lost their crops and a large share of their livestock in the April high water. The I. A. A. is to take charge of the distribution of feeds. The College of Agriculture will direct the distribution of seeds. Much of the fund has already been raised and is in the hands of local chapters of the Red Cross.

ASKS ABOUT COLLEGE AVENUE SEWER

Dear Journal:
Awaiting the decision in reference to the re-paving of College avenue—so important to property owners on that street, will you allow space in your valuable paper, for some pertinent questions. Before proceeding with a

work intended to be a permanent improvement expected to last undisturbed many years, has the sewer system been critically examined as to the condition, capacity, etc., of the sewers now in use?

If these are defective, should they not be changed before laying a new pavement?

Have plans for connection on each lot whether occupied by buildings or not, been made by the water company and other public utilities, so that in the near future the pavement if laid, need not be disturbed? Interested in the civic welfare, and improvement of Jacksonville, I am,

A LOYAL CITIZEN.

This trial tube—watch their teeth improve

If you prefer, let your children make this test. Let them brush their teeth a few days in this modern way. Then look and see what film removal means.

This is a way to whiter, cleaner, safer teeth. Millions now employ it. Leading dentists everywhere advise it. Let someone in your home this week show the benefits it brings.

Why teeth look dingy

Your teeth are coated with a viscous film. You can feel it with your tongue. It clings to teeth, gets between the teeth and stays. It dims and may ruin teeth.

Ordinary tooth pastes do not effectively combat it. So film-coats have been almost universal.

Film absorbs stains, making the teeth look dingy. Film is the basis of tartar. It holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay. Germs breed by millions in it. They

with tartar, are the chief cause of pyorrhea. Thus most tooth troubles are now traced to film, and, despite the tooth brush, they have constantly increased.

Must remove it daily

Dental science has long been seeking a daily film combatant. Now two effective methods have been found. Authorities have proved them by many careful tests.

A new-day tooth paste has been perfected, to comply with modern requirements. And these two film combatants are embodied in it. The name of the tooth paste is Pepsodent.

Millions of people of some forty races now employ it daily, largely by dental advice.

Two other new effects

Pepsodent brings two other effects which authorities now deem essential. It multiplies the starch digestant in saliva. That is there to digest starch

deposits on teeth which may otherwise ferment and form acids.
It multiplies the amount of the saliva. That is nature's neutralizer for the acids which cause decay.
Every application gives these great tooth-protecting forces multiplied effect.

Real protection now

Now you can know what really clean teeth mean. Pepsodent fights film-coats, starch and acids—all the great tooth enemies. Then it leaves the mouth in normal alkaline condition. The glistening teeth you see everywhere now show something of the benefits it brings.

New beauty in a week

The Pepsodent effects are quickly seen and felt. This test will be a revelation to you.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Note the refreshing taste it leaves.

At the morning service the Lord's Supper will be celebrated. Preparatory service at 10 o'clock. The L. W. C. will meet Thursday with Clarence Ingram, 324 East North. A cordial welcome to all.

Church of God—Sunday school at 10 o'clock. Preaching at 11 o'clock; also preaching at 7:30 in the evening. The pulpit will be filled by a minister from Springfield. Everybody welcome, May 14th at 800 Ashland avenue.

State Street Presbyterian Church—Rev. W. H. Marbach, pastor; T. M. Tomlinson, S. S. Supt.; Mrs. Barr Brown, choir leader; Mrs. H. Ayers Bullard, organist. Honor your mother by attending church Sunday. To recall the memories of mothers "gone since and lost awhile" and to brighten the lives of those that remain is the purpose of Mother's Day. Special service in Sunday School at 9:30 a. m. "His Mother's Sermon" will be the pastor's theme at the 10:45 o'clock service of worship. Y. P. S. C. E. at 6:30 p. m. Evening service of praise, prayer and preaching at 7:30. Subject: "Houses—Foundations—Storm and Flood." Welcome mothers, sons and daughters, to any or all services.

First Baptist Church—Mother's Day will be observed in the Sunday School at 9:30 a. m. The pupils of the school are invited to bring their mothers to Sunday School if they are living and if the dear ones have passed on to the spirit world, to join with the school in keeping their memory bright.

"A Salutation to a Mother," will be the subject of the sermon preached by the pastor, Rev. A. P. Howells at the morning service commencing at 10:45 a. m. The quartet will sing "O Be Joyful in the Lord," by Nevin, and Homer Wood will sing, "Mother O Mine," by Tours.

The subjects of the two B. Y. P. U.'s meeting at 6:30 p. m., will be "Helping Our Church: Church Vacation Schools."

A baptismal service will occur at the time of evening worship, 7:30 p. m. The pastor will preach on the subject, "Mother's Bible." Mother songs will be sung.

NUMBER OF CALVES SHOWS AN INCREASE

URBANA, ILL.—There is an increase in the number of calves that are being fattened throughout Illinois for baby beef club reports from several sources to the University of Illinois.

To develop a calf into a well finished baby beef in time for the fall fairs it is necessary to put considerable thought on its feeding and care. W. H. Smith of the Animal Husbandry Department of the University who is encouraging this line of work, pointed out here this week.

Calves should be bought to a full feed of grain as soon as possible without throwing them off feed, said Mr. Smith. The amount of feed may be gradually increased according to their appetites.

A mixture of equal parts of ground corn, ground oats and bran or alfalfa meal by weight, supplemented with one half to one pound of cottonseed or oil meal daily per head is a ration that will give good results. If calves are fed in dry lot, bright clover or alfalfa hay should be provided. Where calves have access to good pastures, the hay is not necessary.

Another grain mixture which may be used with success in made up of shelled corn, one bushel; whole oats, one-third to one-half bushel; and oil meal 10 pounds.

A mixture of shelled corn and oil meal may also be recommended. Fresh water should be available at all times.

The calves should be kept comfortable at all times by having provided a cool place during the hottest part of the day and being free from flies. The latter can be accomplished by keeping

the animal in a dark stall or protected with a blanket made of gunny sacks. This will also help the appearance of the coat of hair.

Life Insurance as Collateral

Suppose a man has a piece of real estate worth \$5,000 and he finds himself in urgent need of money. Ordinarily he can borrow 50%, or \$2,500 on it, unless it is already mortgaged as considerable real estate is.

Then, take the case of a man, age 40, who has a twenty payment life policy on which he has deposited \$5,000 \$500 a year for ten years; upon this he can borrow 75%, or \$3,750, immediately from the company and without any expense except a normal rate of interest.

Aid life insurance is a savings as well as protection. If you live you enjoy the benefits of your savings; if you die you have provided for others as you would have done had you lived.

Meanwhile, the properly insured man knows he has taken the wise and prudent course.

The Master of the Highway Will Make Your Other Motoring Experiences Seem Tame

As the 6-66 speeds away you lose all sense of road contact. For that, you can thank six mighty cylinders that develop 70 horsepower and function with the ease and smoothness of a giant turbine.

The 6-66 offers the fullest degree of motor-ing comfort because it was designed along strictly modern lines with ample margins of strength and power.

You can best appreciate it by making direct comparisons with cars that cost from \$4,000 to \$5,000. In active demonstration on the

road or quietly parked among the nation's best, the 6-66 will convince you that it belongs to no price field—acknowledges no competition on a basis of dollar-for-dollar value.

That is why it is known as the undisputed Master of the Highway.

That is why the Paige Daytona Model 6-66 holds every stock chassis speedway record from 5 to 100 miles.

And that is why it is the soundest and safest of all fine car investments at the greatly reduced price.

PRICE OF WHEAT

BROKE SHARPLY

By Associated Press.

CHICAGO, May 13.—Wheat prices broke sharply during the last half hour of the session here today. May leading the decline. Selling, believed to be by the leading long interests started the break. At the finish wheat was off 1/2 cent to 25 with May \$1.43 1/2, July \$1.25 to \$1.25 1/2, corn was down 1/4 cent; oats showed a net loss of 1/4 cent and provisions ranged from unchanged to 1/4 higher. Trading in wheat was relatively small although there was free buying by a house with seaboard clearances (that was regarded as certain to be against sales of new crop winters. Around 500,000 bushels of wheat was taken. The September showed more strength than the other deliveries early. The bulk of the trading was of a local character and on the bulge there was fair selling by local longs who were evening up for the week end. Long May came out on all the swells but the trace was not as large as the previous day. Deliveries on May contracts aggregated 246,000 bushels.

Corn and oats held within relatively narrow limits with trade almost entirely of a local character. The relative strength in wheat tended to prevent the pit element from taking the selling side freely and the market responded quickly to any good buying or selling.

Provisions averaged higher with the strength in hogs and a good demand for cash meats.

CASH GRAIN REPORT

By Associated Press.

CHICAGO, May 13.—Sales of 24,000 bushels of No. 2 hard winter wheat were made at Montreal on the basis of 3 1/2 over Chicago May equal to around 3c under May f. o. b., at Chicago today. Charters have been made here for 250,000 bushels of corn and oats. The mixed cargo to Buffalo and 300,000 bushels of wheat and corn mixed cargo to Buffalo.

Chicago handlers reported 300,000 bushels wheat bought in the west to come to this market. Local cash sales were 118,000 bushels of corn, including 100,000 bushels to exporters and 100,000 bushels of oats including 270,000 bushels to exporters. Sales of 15,000 bushels of wheat were made to go to store. Car lot receipts, Wheat, 205; Corn, 81; Oats, 58.

FURTHER SPECULATIVE

ACTIVITY IN STEELS

By Associated Press.

NEW YORK, May 13.—Trading in stock today would have been dull and featureless but for the further speculative activity in steels at extreme gains of one to 4 1/2 points with subsequent reactions on profit-taking.

Foremost in this movement were Sloss-Sheffield, Gulf States, Nova Scotia, Minerva, Vanadium, Republic and Republic, and several other issues which owe their comparative prominence to merger rumors.

Lackawanna Steel rose to a new maximum for the current movement and Bethlehem was firm but Crucible eased under realizing sales and United States Steel gained only a small fraction although heavily traded in.

Sales amounted to 650,000 shares. An increase of \$29,300,000 in actual loans and discounts accompanied by a gain of almost \$60,000,000 in net demand deposits and a consequent expansion of excess reserves to about \$37,000,000 were the noteworthy items reported in the weekly statement of the clearing house banks.

Sterling exchange recovered its moderate reversal of the previous day, the Paris rate also rallying, with firmness in the general continental range. Liberty bonds eased at the outset but closed with almost an even proportion of nominal gains and recessions.

Total bond sales (par value) aggregated \$7,843,000.

BUTTER MARKET

EASED OFF SATURDAY

By Associated Press.

CHICAGO, May 13.—The butter market eased off this morning and prices declined on 88-90 score. Butters sold at 33 1/2c. The supply of 88-90 score seemed to be quite liberal and there was a fair demand for butter of that quality at the new prices. Good lots of 89 and 87 score butter were still in demand.

Buy "Repeat" Stocks
Says Babson
Statistician Classifies all Industrial Securities Under
Three Heads

WELLESLEY HILLS, Mass., May 13.—When asked for his plan for selecting industrial stocks, Roger W. Babson, the statistician today sounded a new note in recommending what he calls "the repeats."

"Manufacturing concerns are divided into three main groups," said Mr. Babson, "according to the nature of what they produce. These groups are as follows: "Group one includes those concerns making products that are bought eventually by every person, but in small quantities. Coffee, for example, is one of these. There are hosts of illustrations of this group. For each of us one coffee will come day after day. This is known as the essential group.

"Group two includes those concerns manufacturing products which only a certain percentage of the people buy at all and which only a very few more than once. There are hosts of illustrations of this group. Pianos, automobiles, yes, even garden tools are in this group.

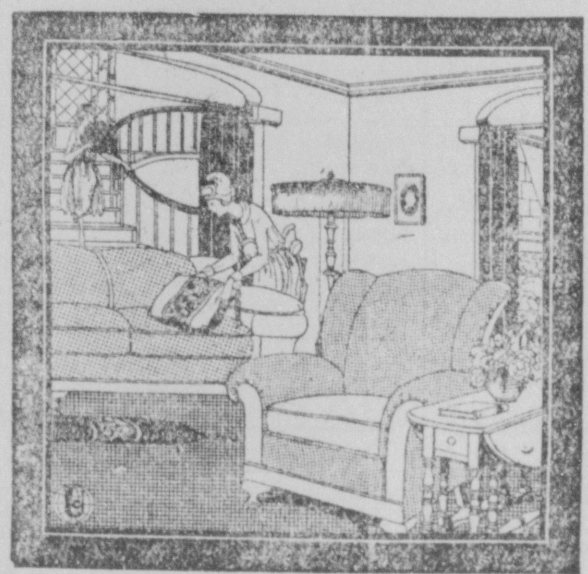

"Group three include those concerns who are engaged in the manufacture of repeat merchandise. The breakfast food people are an illustration of such manufacturers. You get into the habit of using a certain breakfast food and you keep buying it. The soap people are engaged in this repeat business. Such business is the most profitable both to the manufacturer and to the investor. Industrial securities which are founded on the third group are generally recognized as the most attractive.

"One might think that the essential group is the best group in which to invest one's money, but a study of the situation convinces one that this is not so. Altho some one is sure some day to buy a coffin for each one of us, yet the coffin industry is a very easy industry to get overstocked. Surely the sale of coffins can be increased very little by advertising, salesmanship, or any other means known to the most clever sales managers.

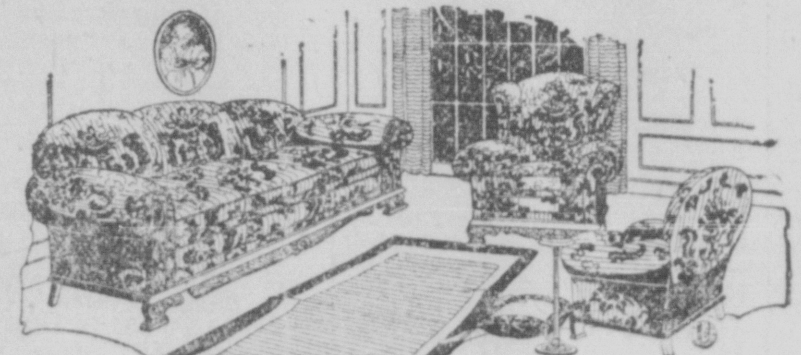

"Take salt," continued Mr. Babson, "salt is the prime essential of food, yet the cleverest advertising in the world could not increase the natural consumption of salt. Altho off hand you might think it much safer to loan money to the salt industry than to the candy industry, yet a study of failure records show that the candy industry is safer than the salt industry. Altho musical instruments are not essential, the demand for them can be increased to an almost unlimited extent. Hence, industries producing products of the second group are preferable to those of the first group.

"The third group, including those industries based upon repeating purchases, is the most profitable of all. The securities of the 'Gillette Razor' are a very good illustration. The Gillette Company can afford to sell a razor at a loss because of the blades they sell later.

Another illustration is the Eastman Kodak Company. Eastman can well afford to sell a kodak at cost because of the great source of income in films and supplies. Another illustration is the phonograph. A piano would go in
